

J.C. Higgins®

**Bolt Action
Clip Repeater
.22 Rifle**

**MODEL 42DL
Catalog Number 1980**

MODEL 42DL CL

This is a deluxe, fast handling repeater designed for pleasurable shooting. It's well balanced for greater accuracy. The smooth action bolt and streamlined precision bolt permit speed in rapid firing. Twin extractors for foolproof extraction. The 8 shot detachable clip magazine reloads quickly and easily. Short, long, or long rifle cartridges — regular or high speed, may be fired.

An attractive walnut Monte Carlo stock has a pistol grip and hard rubber butt plate. Sighting with the bead front sight and rear sight is accurate and simple. The comfortable fitting Monte Carlo stock is designed for shooting with telescope or open sights.

The new model 42DL has Dove Tail grooves on the receiver for instant mounting of the new Weaver Tip-Off mount and J. C. Higgins 4 and 6 power scopes. These scopes have acromatic lenses and weather proof internal windage and elevation adjustments. The 30 foot field of view on the 4-power and the 20 foot field of view on the 6-power both offer a wide field for accurate aim at running game. These scopes and mounts are available at any Sears retail store or from Sears catalogs. They mount on your new rifle instantly — no drilling — no tapping — no installation charge — clamps on your rifle in a jiffy — without tools.

IMPORTANT:

Before firing this rifle be sure to clean barrel thoroughly of grease or any obstruction.

CLEANING & LUBRICATING

Your Model 42DL is treated with new siliconized and polarized oil. This exclusive, patented process gets down into the pores of the steel and protects against perspiration and other corrosive elements which cause rust. This oil makes J. C. Higgin guns the most rust resistant of any guns you can buy. It gives the best lubrication of any oil tested. And it protects and beautifies stock and forearm.

Keeping your rifle clean and well lubricated will help its performance. Exclusive use of J. C. Higgins ammunition will keep fouling to a minimum, but, occasionally the barrel as well as the entire operating portion of the rifle should be thoroughly cleaned.

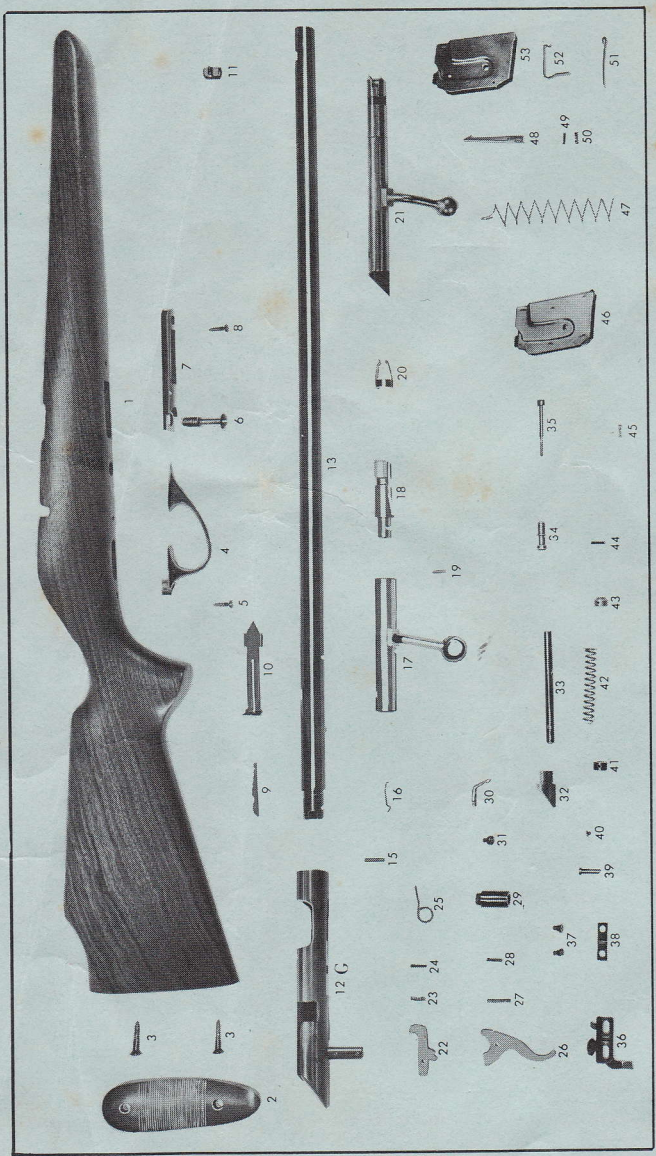

Disassemble the rifle following complete instructions under "DISASSEMBLY" described at the right. This allows access to all operating parts for cleaning and lubricating.

Using a tooth brush soaked in nitro solvent, remove dirt and fouling from the bolt, trigger assembly and chamber. Then push a patch moistened with this solvent through the barrel from the rear end of the rifle. Push a brass brush soaked in solvent

J. C. HIGGINS MODEL 42DL, Model No. 103.19800. This number is marked on the barrel. Be sure to mention it when ordering.

HOW TO ORDER — Specify Model No. 103.19800, Part No. and Part Name.
WHERE TO ORDER: REPAIR PARTS — Any Sears retail or mail order store.

Higgins Guns to: Sears Roebuck and Company, Dept. 139, Chicago 7, Illinois. Ask for J. C. Higgins Circular No. 6495. Remember, these guns give you more quality and shooting pleasure for every dollar you invest!

MODEL 45

Carbine 30/30 and .35 Cal.

This fast lever action carbine is ideal for quick shots at deer, bear and other similar game. The strong receiver, action parts, and barrel will stand many years of hard use. Magazine holds 6 shots and 1 in chamber of barrel makes it a 7 shot carbine. Equipped with bead front sight and open rear sight with adjustable elevator for different ranges. Has walnut forearm and stock fitted with durable hard rubber buttplate. Top of receiver has 4 holes drilled and tapped for telescopic mounting, also 2 holes on left side of receiver for popular peep sights.

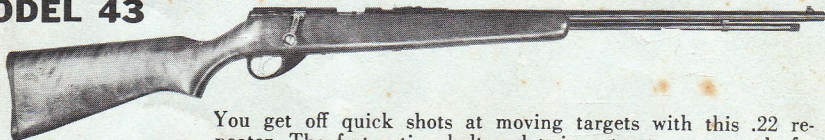

MODEL 42

Here's a hard hitting, fast handling repeater designed for pleasurable shooting. It's well balanced for greater accuracy. The smooth action bolt and streamlined precision bolt head permit speed in rapid firing. Twin extractors for foolproof extraction. The 8 shot detachable clip magazine reloads quickly and easily. Short, long, or long rifle cartridges — regular or high speed, may be fired.

An attractive walnut finished stock has a pistol grip and hard rubber butt plate. Sighting with the bead front sight and Rocky Mountain rear sight is accurate and simple.

MODEL 43

You get off quick shots at moving targets with this .22 repeater. The fast action bolt and twin extractors are made for top speed shooting . . . to help you get more game!

The large capacity tubular magazine holds 25 short, 20 long, or 18 long rifle cartridges, regular or high speed. Wood stock has an attractive walnut finish and pistol grip. A durable hard rubber butt plate protects the stock. A bead front sight and Rocky Mountain rear sight offers reliable accuracy.
