Dear dissinfos. Fuck your republican contractors, your Israelite lobbies, your forced meme edgy pics about mayhem from the movies fight club, clockwork orange and the joker from batman. Fuck your fear mongering over gun bans and martial laws. Fuck your desire to overthrow Obama and the central bank so you can get the country (and the world) full into capitalism. Fuck your decoys about Illuminati, Jews, 'bipartidism', reptilians, UFOs.

Damned be the way you hide the death of Aaron Swartz, the stolen election by George Bush, the incarceration of families for downloading songs.

OP let me iron out a few things for you.

first, the two party dichotomy is a wool those in power pull over your eyes. no matter who wins the societal elite do. There is zero difference between the two parties on issues that matter

IE: They both agree on parity pricing, bailouts, tariffs, price and wage controls, ect ect ect.

Secondly the central bank is a private organization it IS a bank in all sense of the word. If you want to get rid of banks start there. The central bank is used primarily as a way to launder money to the rich and powerful (hence the insane opposition in congress to an audit of it). It is also used to hold US monetary policy hostage.

Third, the banning of guns is EXACTLY what the societal elite WANT. This way there will be no civilian opposition to heir rule as they begin to assert their power more directly

Fourth, Obama is a puppet to these people, his overthrow could only help the country.

Bush could not have "stolen" the election because elections are false to begin with. You cannot vote for a third party because your vote will likely be thrown out by the republicans and democrats REQUIRED to review them
Actually think before posting asinine shit OP
