Exteriorization Summary (this HCOB).

The examination of Exteriorization Rundowns done in the field discloses that some auditors engaged in running it have not been fully checked out on it. HCO PL 26 Aug 1965 gives the correct way to do a starrate checkout. Clay demos must also be correctly done. These are covered in HCOB 11 Oct 1967 and HCOB 30 Oct 1970. These HCOBs on Ext Rundown, Starrates and Clay Demos plus HCO PL 20 July 1970 Issue III 2-WC as below, make the necessary pack for checking out an auditor before letting him near an Ext Rundown. And all Exteriorization materials as above MUST BE CHECKED OUT STARRATE AND IN CLAY before a C/S permits one of his auditors to run it on a pc.

TWO-WAY COMM

There is a two-way comm step that follows a day or so after an Exteriorization Rundown.

An auditor doing this step, preferably the same auditor, MUST BE CHECKED OUT ON TWO-WAY COMM.

No C/S should permit any auditor to do any 2-way comm until the auditor has been checked out on HCOPL 20 July 1970 Issue III "Two-Way Comm Checksheet". One can obtain these tapes easily from Pubs (as the Sea Org has recently forced in this line and quality and delivery). Pending such tapes one can certainly get the rest of the materials on the checksheet done by the auditor and let him do 2-way comm while being very watchful as a C/S.

C/SING EXT

The correcting of an Exteriorization Rundown is far harder than making sure that auditors can do the usual in the first place.

Nearly all a C/S's hard work comes from auditors not well trained on courses (indifferent courses) and failing to check auditors out well on the materials before permitting them to deliver a new rundown.

The correction of Ext is hard since until it is complete, other auditing is inadvisable. One however, gets the Ext Rundown done.

EXT IS A REMEDY

The Exteriorization Rundown is a REMEDY designed to permit the pc to be further audited after he has gone exterior.

The Ext Rundown is NOT meant to be sold or passed off as a method of exteriorizing a pc. This is very important.

It is general auditing on usual Dianetics and Scientology actions that bring about Exteriorization.

When the pc goes or is found to be exterior one then orders the Exteriorization Rundown. Otherwise the TA will misbehave.

The rundown is a REMEDY USED AFTER EXTERIORIZATION HAS OCCURRED BY REASON OF GENERAL AUDITING.

Anxiety to get exterior will prompt a pc to buy and a registrar to sell an Exteriorization Rundown. It is in effect just more auditing as far as the registrar is concerned. When a pc has gone exterior the registrar can insist on his buying enough hours for the remedy.

The Ext Rundown stabilizes the exteriorization and makes it possible to audit the pc further.

The pc is most likely to exteriorize doing Dianetic Triples or Grade II as it is overts and withholds that keep him interiorized.

A really bad off pc can be compulsively exterior, (a) gets audited, (b) interiorizes, (c) then exteriorizes again cleanly. This is when you use the Ext Rundown - at (c).

Drug users get blown out of their heads and bog, TA up. Sometimes their TA problem is such that you have to begin with an Ext Rundown before you can run out the drug engrams.

Sometimes (rarely) a pc can't run engrams but has gone exterior. Such a case invariably is engaged in heavy present time overts. In such a case one runs the 3 Ext recalls and Grade II. (There is a better specific rundown on this but it cannot be released until Quals are functioning fully and training is excellent.)

END RESULT

The end result of an Ext Rundown is a pc who, having been exterior, can now be audited further.

Without an Ext Rundown a pc who has gone exterior in auditing will thereafter not be auditable until the Ext Rundown has been done.

DISABILITY

If an auditor can't smoothly audit a rundown as simple as an Ext Rundown, then he is exposed as being unable to run standard Dianetics and should be cleared of his misunderstands and overts and retrained.

The only real trouble one gets into on an Ext Rundown stems from the inability of the auditor to run a smooth, good TRed R3R session. Pcs are not hard to run on it.

C/S WINS

A C/S cannot win at all if he is continually having to make up for flubby auditing by the auditor.

Therefore the C/S must be very sure his auditors are fully checked out on things they are to run before running them.

If there is no Qual Staff Training Officer or no cramming, a C/S can fully afford to do the training and cramming himself. Otherwise he will lose far more than that time in C/Sing for auditors not checked out.

By the skill of his auditors you know the C/S. Not by his unusual solutions after flubs.

The Ext Rundown is too easy to do to have any trouble - the trouble comes when the auditors are not checked out beforehand, starrate and in clay on new things they are to run.
