

THE QUEST TO BEAT AGING

Introduction

- 6** **When Life Knows No Bounds**
Mark Fischetti and Gary Stix, issue editors
Postponing death changes the meaning of life.

getting ever older

- 8** **How Long Have You Got?** *Kathryn Brown*
To 120 years old and beyond.
Plus: **World's Oldest Creatures**

- 18** **Design for Living** *Polly Shulman*
Centenarians can teach us how to age gracefully.

- 22** **From Baby Boom to Geezer Glut**
J. R. Brandstrader
By 2030 one in five Americans will be a senior.

- 26** **Social Insecurity** *The Editors*
Don't count on retiring at age 65.

the battle against aging

- 30** **Living Longer: What Really Works?**
Robin Marantz Henig
Science has yet to do much better than snake oil.
Plus: **Fountains of Youth**

- 38** **A Radical Proposal** *Kathryn Brown*
At the molecular level, we all rust like the Tin Man of Oz.

- 44** **The Famine of Youth** *Gary Taubes*
Would a starvation diet give you a few more years?
Plus: **Four Square Snacks a Day**

- 50** **Counting the Lives of a Cell** *Evelyn Strauss*
The attempt to turn back the clock for cells in decline.

62

80

- 56** **Mother Nature's Menders** *Mike May*
Stem cells might build new hearts, livers—even brains.
 - 62** **Spare Parts for Vital Organs** *David Pescovitz*
Melding advanced materials with cell cultures may do away with transplants.
Plus: **The Cryonics Gamble**
 - 68** **Of Hyperaging and Methuselah Genes** *Evelyn Strauss*
The search is on for genes that lengthen life span—or cut it short.
- thwarting**
major killers
- 72** **Preventing Good Brains from Going Bad** *Mia Schmiedeskamp*
New hope in the fight against Alzheimer's and Parkinson's.
Plus: **Coping with Alzheimer's**
 - 80** **Stopping Cancer Before It Starts** *Ken Howard*
Finding it early may prevent this scourge of the elderly.
Plus: **Reduce Your Risk of Cancer and Early Cancer Detection**
 - 87** **Saving Hearts That Grow Old** *Delia K. Cabe*
Studying everything from baldness to bacteria is helping to unlock the mysteries of atherosclerosis.
Plus: **Ticked Off: Anger Can Knock You Dead**

meditations on
quality of life

- 92** **Promised Land or Purgatory?** *Catherine Johnson*
Whether old age is worth living depends on mental health.
Plus: **The Dangers of Overmedication** and **A Right to Die?**
- 98** **Cults of the Undying** *Compiled by Eugene Raikhel*
Visions of endless life from Gulliver to cyberpunk.
- 104** **It Smells of Immortality** *Steve Mirsky*
Socially speaking, long life might stink.
