of the Privacy Act as well as the FOIA. OGE will not deny access by a first party to a record under the FOIA or the Privacy Act unless the record is not available to that individual under both the Privacy Act and the FOIA.

(c) Records available through routine distribution procedures. When the record requested includes material published and offered for sale (e.g., by the Superintendent of Documents, Government Printing Office) or which is available to the public through an established distribution system (such as that of the National Technical Information Service of the Department of Commerce), OGE will explain how the record may be obtained through those channels. If the requester, after having been advised of such alternative access, asks for regular FOIA processing instead, OGE will provide the record in accordance with its usual FOIA procedures under this part.

## § 2604.103 Definitions.

As used in this part,

Agency has the meaning given in 5 U.S.C. 551(1) and 5 U.S.C. 552(f).

Business information means trade secrets or other commercial or financial information, provided to the Office by a submitter, which arguably is protected from disclosure under Exemption 4 of the Freedom of Information Act.

Business submitter means any person who provides business information, directly or indirectly, to the Office and who has a proprietary interest in the information.

*Commercial use* means, when referring to a request, that the request is from, or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or of a person on whose behalf the request is made. Whether a request is for a commercial use depends on the purpose of the request and the use to which the records will be put. When a request is from a representative of the news media, a purpose or use supporting the requester's news dissemination function is not a commercial use.

Direct costs means those expenditures actually incurred in searching for and duplicating (and, in the case of commercial use requesters, reviewing) records to respond to a FOIA request. Direct costs include the salary of the employee performing the work and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space and heating or lighting of the facility in which the records are stored.

*Duplication* means the process of making a copy of a record. Such copies

include paper copy, microform, audiovisual materials, and magnetic tapes, cards, and discs.

*Educational institution* means a preschool, elementary or secondary school, institution of undergraduate or graduate higher education, or institute of professional or vocational education, which operates a program of scholarly research.

*Freedom of Information Act* or *FOIA* means 5 U.S.C. 552.

*General Counsel* means the General Counsel of the Office of Government Ethics. The General Counsel may delegate any of his responsibilities in handling FOIA requests in this part to a designee on OGE's staff.

*He, his* and *him* include she, hers and her.

Noncommercial scientific institution means an institution that is not operated solely for purposes of furthering its own or someone else's business, trade, or profit interests, and that is operated for purposes of conducting scientific research the results of which are not intended to promote any particular product or industry.

*Office* or *OGE* means the United States Office of Government Ethics.

*Person* has the meaning given in 5 U.S.C. 551(2).

Records means any handwritten, typed, or printed documents (such as memoranda, books, brochures, studies, writings, drafts, letters, transcripts, and minutes) and documentary material in other forms (such as punchcards, magnetic tapes, cards or discs, paper tapes, audio or video recordings, maps, photographs, slides, microfilm and motion pictures) that are either created or obtained by the Office and are under Office control. It does not include objects or articles such as exhibits, models, equipment, and duplication machines or audiovisual processing materials.

Representative of the news media means a person actively gathering information for an entity organized and operated to publish or broadcast news to the public. News media entities include television and radio broadcasters, publishers of periodicals who distribute their products to the general public or who make their products available for purchase or subscription by the general public, and entities that may disseminate news through other media, such as electronic dissemination of text. Freelance journalists will be considered as representatives of a news media entity if they can show a solid basis for expecting publication through such an entity. A publication contract is such a basis, and the requester's past

publication record may show such a basis.

*Request* means any request for records made pursuant to 5 U.S.C. 552(a)(3).

*Requester* means any person who makes a request for records to OGE.

*Review* means the process of initially, or upon appeal (see § 2604.501(b)(3)), examining documents located in a response to a request to determine whether any portion of any document is permitted to be withheld. It also includes processing documents for disclosure, such as redacting portions which may be withheld. Review does not include time spent resolving general legal and policy issues regarding the application of exemptions.

*Search* means the time spent looking for material that is responsive to a request, including page-by-page or lineby-line identification of material within documents.

*Working days* means calendar days, excepting Saturdays, Sundays, and legal public holidays.
