notify the Commission and request termination of its license, dispose of its byproduct material, submit a completed form NRC-314, and submit a report of the results of a survey of the premises where the licensed activities were carried out. (01023)

#### 2. NRC Evaluation and Conclusion

ETL has failed to respond to the Notice. The November 14, 1993 letter accompanying the Notice provided a full explanation as to why a civil penalty was warranted in this matter. Absent a response from ETL, the NRC has no basis to retract the violations or withdraw the civil penalty. Since a response to the Notice was due by December 10, 1994, and ETL has not responded, despite several reminders, the NRC concludes that a civil penalty in the amount of \$3,000 should be imposed.
