Dated: February 13, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.

Attachment—Color Television Receivers From Korea; Amendment to Final Results of Antidumping Duty Administrative Review

[A-580-008]

Agency: International Trade Administration/Import Administration Department of Commerce.

Action: Notice of Amendment to Final Results of Antidumping Duty Administrative Review.

Summary: On July 1, 1988, the Department of Commerce published the final results of its administrative review of the antidumping duty order on color television receivers from Korea. The review covered the period April 1, 1985 through March 31, 1986.

After publication of our final results, we received comments from certain parties to the proceeding alleging ministerial errors. We have corrected the ministerial errors and have amended the final results of review for Daewoo.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 1988, the Department of Commerce ("the Department") published in the **Federal Register** (53 FR 24975) the final results of its administrative review of the antidumping duty order on color television receivers from Korea (49 FR 18336, April 30, 1984). After publication of our final results, we received comments from certain parties to the proceeding alleging ministerial errors. We have corrected the ministerial errors and have amended the final results of review for Daewoo.

Section 1333 of the Omnibus Trade and Competitiveness Act of 1988, which amends section 735 of the Tariff Act of 1930, authorizes Commerce to establish procedures for the correction of ministerial errors in final determinations. Congress has defined the term "ministerial error" to specifically include errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like.

Ministerial Errors

We have corrected the following ministerial errors:

Daewoo

- 1. Misidentification of data base resulting in mismatch of several models in the purchase price (PP) calculation.
- 2. Transposition of numbers in the figure for the home market credit adjustment for the period April 1985 through October 1985 in the PP calculation.
- 3. Typographical errors in model designations "DCB-419PW", "TCK-405PRW"; and "TCK-405Q" used to program instructions in the PP calculation.

Goldstar

1. Transportation of numbers in the figure for the packing adjustment for model CM–1900 in the exporter's sales price calculation.

Correction of this ministerial error did not result in a change to the cash deposit rate.

Amended Final Results of the Review

We have amended the final results for appraisement and for cash deposit purposes listed in our final results of review. The amended cash deposit rates are as follows:

Manufac- turer/Ex- porter	Time period	Pre- vious (%) cash deposit	Amen- ded (%) cash deposit
Daewoo Elec- tronics Co New Ship-	04/85–03/86	23.30	15.23
pers	04/85–03/86	23.29	15.23

The Department will amend its instructions to Customs to assess antidumping duties on all appropriate entries, and will instruct Customs to adjust the cash deposit of estimated antidumping duties as noted above.

Dated: September 26, 1988.

Jan W. Mares,

Assistant Secretary for Import Administration.

Market Development Cooperator Program

AGENCY: International Trade Administration (ITA), Commerce. ACTION: Notice.

SUMMARY: The mission of ITA is to promote U.S. exports and to strengthen the international trade position of the United States. Building partnerships with the private sector enhances ITA's ability to fulfill its mission. To encourage such partnerships, ITA has created the Market Development Cooperator Program (MDCP) to develop, maintain and expand markets for nonagricultural goods and services produced in the United States. The MDCP aims to:

- Challenge the private sector to think strategically about foreign markets:
- Be the catalyst that spurs private sector innovation and investment in export marketing; and
- Increase the number of American companies taking decisive export actions.

The advantage of a joint effort is that it permits the Government to pool expertise and funds with non-Federal sources so that each maximizes its market development resources. Partnerships of this sort also may provide a sharper focus on long-term export market development than do traditional trade promotion activities and serve as a mechanism for improving Government-industry relations.

While the Department of Commerce sponsors, guides and partially funds the MDCP with a matching requirement by the recipient, the Department of Commerce expects applicants to develop, initiate and carry out market development project activities. As an active partner, ITA will provide assistance identified by the applicant as being essential to the achievement of project goals and objectives. U.S. industry is best able to assess its problems and needs in the foreign marketplace and to recommend innovative solutions and programs that can be the formula to success in international trade.

Examples of activities that might be included in an applicant's project are described below. No one of these activities or any combination of these activities must be included for a proposal to receive favorable consideration. The Department of Commerce encourages applicants to propose activities that (1) Would be most appropriate to market development needs of their industry or industries; and (2) display the imagination and innovation of the applicant working in partnership with the Government to obtain the maximum market development impact.

A public meeting for parties considering applying for funding under the MDCP will be held on March 27, 1995. Attendance at this public meeting is not required of potential applicants. The purpose of the meeting is to provide general information regarding the MDCP procedures, selection process, and proposal preparation to potential applicants unfamiliar with the MDCP. No discussion of specific proposals will occur at this meeting.

DATES: The public meeting will be held March 27, 1995. Completed applications must be received no later than April 21, 1995. Competitive application kits will be available from the Department of Commerce starting February 24, 1995.

ADDRESSES: The public meeting will be held at the Herbert Clark Hoover Building, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, DC. Contact the information contact for room location.

To obtain an application kit, please send a written request with a self-
