If no interested party requests an administrative review in accordance with the Department's notice of opportunity to request administrative review, and no domestic interested party objects to the Department's intent to revoke or terminate pursuant to this notice, we shall conclude that the antidumping duty orders, findings, and suspended investigations are no longer of interest to interested parties and shall proceed with the revocation or termination.

Lamb Meat From New Zealand; Preliminary Results of Countervailing Duty Administrative Review and Intent To Revoke the Countervailing Duty Order

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of countervailing duty administrative review and intent to revoke countervailing duty order.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the countervailing duty order on lamb meat from New Zealand for the period April 1, 1992 through March 31, 1993. We preliminarily determine the total subsidy to be 0.0013 percent *ad valorem* for all firms for the review period. In accordance with 19 CFR 355.7, any rate less than 0.50 percent *ad valorem is de minimis*.

In addition, we preliminarily determine that the Government of New Zealand (GONZ) has met the requirements for revocation of the countervailing duty order, including undergoing administrative review for three consecutive years during which the Department has determined that there has been no net subsidy on lamb meat and all subsidies on lamb meat have been abolished. If these preliminary results are sustained in the final results of this review and the Department is satisfied that the GONZ is not likely to reinstate or substitute other subsidy programs on lamb meat, we will revoke the countervailing duty order pursuant to 19 CFR 355.25(a)(1). We invite interested parties to comment on these preliminary results.

EFFECTIVE DATE: March 1, 1995.

#### SUPPLEMENTARY INFORMATION:

## **Background**

On September 7, 1993, the Department published a notice of "Opportunity to Request Administrative Review" (58 FR 47116) for the countervailing duty order on lamb meat from New Zealand (50 FR 37708; September 17, 1985). On September 30, 1993, we received a request for review from the New Zealand Meat Producers

Board. The GONZ also requested revocation of the countervailing duty order on lamb meat from New Zealand pursuant to 19 CFR 355.25(b) and certified that all countervailable programs for lamb meat had been eliminated and that it will not reinstate those countervailable programs or substitute other countervailable programs. We initiated the review, covering the period April 1, 1992 through March 31, 1993, on October 18, 1993 (58 FR 53710). The Department is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). The review period is April 1, 1992, through March 31, 1993. The review involves nine companies and five programs.

#### **Revocation of the Order**

After carefully examining the September 30, 1993, request for revocation of the order, including the certification, the Department determined that certain modifications with respect to the revocation request were necessary. On May 12, 1994, the GONZ resubmitted its certification that met the minimum threshold requirements to be considered for revocation under 19 CFR 355.25(b).

According to 19 CFR 355.25(b), a government meets the minimum threshold requirement for revocation of an order if, in requesting the third consecutive administrative review of the order, the government submits a certification that the government has abolished all subsidy programs for the subject merchandise for a period of three consecutive years, and that the government will not reinstate the abolished programs or substitute other countervailable programs. Under 19 CFR 355.25(a)(1)(i), the Department must have also found that there was no net subsidy for lamb meat in the two consecutive administrative reviews prior to the year in which the government requests revocation, and in the third consecutive administrative review, the Department must also determine that there is no net subsidy. If the foregoing threshold requirements are met, and the Department determines in the review during which revocation has been requested that the GONZ has eliminated all subsidies on lamb meat for the third consecutive year, and is not likely to substitute or replace formerly countervailable programs with new subsidies, then the Department will revoke the order.

With respect to the countervailing duty order on lamb meat, the GONZ met the minimum threshold requirements for consideration of the order for revocation. The Department verified
