sciences, statistics, and other related professions. The nature of specialized training and experience necessary to qualify the nominee as an expert suitable for appointment may include experience in medical practice, teaching, and/or research relevant to the field of activity of the panel. The particular needs at this time for each panel are shown above. The term of office is up to 4 years, depending on the appointment date.

National Mammography Quality Assurance Advisory Committee

Persons nominated for membership should be physicians, practitioners, and other health professionals, whose clinical practices, research specializations, or professional expertise include a significant focus on mammography. Prior experience on Federal public advisory committees in the same or similar subject areas will also be considered relevant professional expertise. The particular needs for this committee are shown above. The term of office is up to 4 years, depending on the appointment date.

Nomination Procedures

Any interested person may nominate one or more qualified persons for membership on one or more of the advisory panels or the National Mammography Quality Assurance Advisory Committee. Self-nominations are also accepted. Nominations shall include a complete curriculum vitae of each nominee, current business address and telephone number, and shall state that the nominee is aware of the nomination, is willing to serve as a member, and appears to have no conflict of interest that would preclude membership. FDA will ask the potential candidates to provide detailed information concerning such matters as financial holdings, employment, and research grants and/or contracts to permit evaluation of possible sources of conflict of interest.

This notice is issued under the Federal Advisory Committee Act (5 U.S.C. app. 2) and 21 CFR part 14, relating to advisory committees.

Dated: February 21, 1995.

Linda A. Suydam,

Interim Deputy Commissioner for Operations.

Health Resources and Services Administration

Program Announcement for Contracts for the Disadvantaged Health Professions Faculty Loan Repayment Program for Fiscal Year 1995

The Health Resources and Services Administration (HRSA) announces that applications for contracts for fiscal year (FY) 1995, for the Disadvantaged Health Professions Faculty Loan Repayment Program (FLRP) are now being accepted under section 738(a) of the Public Health Service Act (The Act).

In FY 1995, approximately \$823,000 is available for competing applications for the Disadvantaged Health Professions Faculty Loan Repayment Program. It is expected that 30 contracts averaging \$27,433 (\$13,717 per year for two years) will be supported with these funds.

Previous Funding Experience

Previous funding experience information is provided to assist potential applicants to make better informed decisions regarding submission of an application for this program. In fiscal years 1991, 1992, 1993 and 1994, HRSA entered into a total of 129 contracts under this program, averaging \$25,030 (\$12,515 per year for 2 years).

Purpose

The purpose of the Disadvantaged Health Professions Faculty Loan Repayment Program (FLRP) is to attract disadvantaged health professions faculty members for accredited health professions schools. The program provides a financial incentive for degree-trained health professions personnel from disadvantaged backgrounds who will serve as members of the faculties of those schools. The FLRP is directed at those individuals available to serve immediately or within a short time as "new" full-time faculty members. Loan repayment may be provided only for an individual who has not been a member of the faculty of any school at any time during the 18-month period preceding the date on which the Secretary receives the request of the individual for a repayment contract (i.e., ''new'' faculty).

Section 738(b) makes available grants and contracts with schools of medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, podiatric medicine, pharmacy, public health, health administration, clinical psychology and other public or private nonprofit health or educational entities to assist in increasing the number of

underrepresented minority faculty. Section 738(b) will be implemented as a separate program.

Eligible Individuals

Individuals from disadvantaged backgrounds are eligible to compete for participation in the FLRP if they:

1. Have degrees in medicine, osteopathic medicine, dentistry, nursing, pharmacy, podiatric medicine, optometry, veterinary medicine, public health or clinical psychology; or

2. Are enrolled in an approved graduate training program in one of the health professions listed above; or

3. Are enrolled as full-time students in the final year of health professions training, leading to a degree from an eligible school.

Established faculty members are not eligible to apply for funds under the FLRP. Only individuals that have not taught in the last 18 (eighteen) months prior to application to the program will be considered.

Statutory Requirements

Prior to submitting an application for a contract for loan repayment, individuals must sign a contract with an eligible school, as prescribed by the Secretary, setting forth the terms and conditions of the FLRP. This contract with the school must require the individual to serve as a full-time member of the faculty, as determined by the school, for not less than 2 years, whereby the school agrees to pay, for each year, a sum (in addition to faculty salary) equal to that paid by the Secretary towards the repayment of principal due on the applicant's health professions educational loans. Additionally, the individual involved may not have been a member of the faculty of any school at any time during the last 18 months prior to application to the program.

Eligible Schools

Eligible schools are public or nonprofit private accredited schools of medicine, nursing, as defined in section 853 of the Act, osteopathic medicine, dentistry, pharmacy, podiatric medicine, optometry, veterinary medicine or public health, or schools that offer graduate programs in clinical psychology and which are located in States as provided in section 799 of the Act.

Provisions of the Loan Repayment Program

Section 738(a) authorizes repayment, for any year for which repayments are made, not to exceed 20 percent of the outstanding principal and interest on
