AGENCY: Saint Lawrence Seaway Development Corporation, DOT.

ACTION: Notice of meetings.

SUMMARY: The Saint Lawrence Seaway Development Corporation and the St. Lawrence Seaway Authority of Canada have jointly established and presently administer the St. Lawrence Seaway Tariff of Tolls. The Corporation and the Authority currently are in disagreement over the level and nature of future tolls. The Corporation is considering recommendations to be made to the Authority that joint rulemaking be undertaken to lower the level of tolls or otherwise change the Tariff. In order to determine whether such a rulemaking is warranted, what the substance should be, and what is the scope of the issues involved, the Corporation is holding five public meetings to discuss the problems encountered under the existing toll structure and possible solutions. This notice announces the dates, times, and places of the meetings.

SUPPLEMENTARY INFORMATION:

Discussions between the Corporation and the Authority about the Seaway Tariff of Tolls have resulted in disagreement over future Tariff amendments. It is necessary to take into account prevailing market conditions and not unduly restrict maritime commerce or create additional barriers to trade in the development of the Tariff. Both parties wish to pursue fairness among their primary goals and strive for equal treatment for vessels and cargoes using the Seaway, but disagree on the current, fundamental economic basis for new toll levels. In addition, they believe that it is necessary to seek simplicity in developing the Tariff as complexity and ambiguity tend to provide a disincentive to using the Seaway. Lastly, both parties wish to strive for stability so that those engaged in commerce on the Seaway can make long-term planning decisions with some confidence of future conditions.

Based upon these mutual conclusions, the Corporation is considering recommending to the Authority that joint rulemaking be undertaken to lower the level of tolls or otherwise change the Tariff. In order to determine whether such a rulemaking is warranted, what the substance should be, and what is the scope of the issues involved, the Corporation is holding five public meetings to discuss the problems encountered under the existing toll structure and possible solutions. These meetings will be open for discussion, however, any person wishing to make a formal presentation is requested to notify the Corporation at least five working days before the meetings and provide the approximate time desired for the presentation to Marc C. Owen, Chief Counsel, Saint Lawrence Seaway **Development Corporation**, P.O. Box 44090, Washington, DC 20026-4090 (202-366-6823).
