Violation description	Section or cite	Baseline assessment
Listing an emergency response telephone number on a shipping paper that is not working or is incorrect.	172.604	1,300
Failure to provide required technical information when the listed emergency response telephone number is contacted.	172.604	2,600
ackage Marking Requirements (§§ 172.300–172.338):		
Failure to mark the required identification number on a package	172.301(a)	1,200
Marking an incorrect identification number on a package	172.301(a)	1,850
Marking an incorrect identification number on a package that changes the appropriate emergency response information.	172.301(a)	2,500
Failure to mark the required shipping name on a package	172.301(a)	2,500
Failure to mark the required shipping name and identification number on a package	172.301(a)	4,200
Marking a package with an incorrect shipping name and identification number	172.301(a)	5,000
Marking a package with an incorrect shipping name and identification number that does not affect emergency response information/actions.	172.301(a)	2,500
Failure to include the required technical name(s) in parentheses for a listed generic or "n.o.s." entry.	172.301(c)	1,200
Failure to mark a package containing liquid hazardous materials with required orientation marks.	172.312	3,700
Failure to mark a package containing liquid hazardous materials with required orientation marks, when inside packagings have vented closures. Package Labeling Requirements (§§ 172.400–172.450):	172.312	4,200
Failure to label a package, when required	N/A	4,300
Placing a label in a package when the label represents a hazard other than the actual hazard presented by the hazardous material in the package.	N/A	5,000
Placing a label not conforming to size requirements on a package	N/A	1,000
Placing a label on a package that does not contain a hazardous material	172.401(a)	1,300
Placing a label that does not meet color specification requirements on a package	N/A	600 to 2,500
Failure to place a required subsidiary label on a package, when required	N/A	2,500
Failure to provide an appropriate division number on an explosive label Placarding Requirements (§§ 172.500–172.560):	N/A	5,200
Failure to placard a freight container containing hazardous materials		·
Failure to properly placard a freight container containing Division 1.1, 1.2, or 1.3 (Class A or B) explosives.  Training Requirements (§§ 172.700–172.704):	172.504	8,650
Failure to train hazmat employees in the three required areas	172.702	1,500 to 25,000
Failure to train hazmat employees in one of the three required areas		500 and up
Failure to train hazmat employees in two of the three required areas		1,000 and up
Failure to maintain training records	172.702	500 and up
Part 173—Requirements		<u> </u>
Overpack Requirements (§ 173.25):		
Failure to mark an overpack with a statement indicating that the inside packages comply with prescribed specifications when specification packaging is required. Reconditioner Requirements (§ 173.28):	173.25(a)(4)	3,100
Representing, marking, or certifying a drum as a reconditioned DOT packaging, when the drum did not meet a DOT specification.		5,200 to 7,200
Marking an incorrect registration number on a reconditioned packaging	173.28(m)(3)(ii) <sup>1</sup>	1,550
Failure to properly conduct alternate leakage test	173.28(m)(2) 1	5,000
Representing, marking, or certifying a drum as altered from one specification to another, when the drum had not actually been altered.	173.28(o)(1) 1	1,000
		5,200 to 7,200
Offering a hazardous material for transportation in an IM portable tank equipped with bottom outlets, when the material contained is prohibited from being offered in this	173.32c(a)	,
Offering a hazardous material for transportation in an IM portable tank equipped with bottom outlets, when the material contained is prohibited from being offered in this type of packaging.  Offering an IM portable tank for transportation that has not been visually inspected	173.32c(a)	5,000
Offering a hazardous material for transportation in an IM portable tank equipped with bottom outlets, when the material contained is prohibited from being offered in this type of packaging.	173.32c(c)	5,000 6,200
Offering a hazardous material for transportation in an IM portable tank equipped with bottom outlets, when the material contained is prohibited from being offered in this type of packaging.  Offering an IM portable tank for transportation that has not been visually inspected within last 2½ years per 173.32b(b).  Offering an IM portable tank for transportation that has not been hydrostatically retested in last five years per 173.32b(a).  Offering an IM portable tank for transportation that has not been visually or hydrostatically tested as required, or failing to remove the safety relief valves during	173.32c(c)	,
