Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission ("Commission") has provisionally accepted an agreement containing a proposed consent order with Service Corporation International ("SCI"), and has placed the proposed consent on the public record for sixty (60) days. Anyone interested in the proposed order may comment on it during this time. After sixty (60) days, the Commission will again review the agreement and any comments received, and will decide whether it should withdraw from the agreement or make final the agreement's proposed consent order.

The proposed consent order stems from SCI's proposed acquisition of certain assets and businesses of Uniservice Corporation ("Uniservice"). According to the proposed complaint, this acquisition, if consummated, would violate Section 7 of the Clayton Act, as amended 15 U.S.C. 18, and Section 5 of the FTC Act, as amended, 15 U.S.C. 45, in the markets for funerals and perpetual care cemetery services in Medford, Oregon, and its immediate environs.

The proposed consent order would remedy this alleged violation by requiring that SCI either divest the Uniservice assets and businesses in this region within one (1) year (Order Paragraph II.A) or transfer responsibility for divestiture to a trustee appointed by the Commission (Order Paragraph III). Uniservice's crematory and trade names are among these assets and businesses because they may be important to a buyer's competitive viability in the markets for funerals or perpetual care cemetery services, but SCI's obligations with regard to them would cease if the buyer does not wish to purchase them. However divestiture is accomplished, SCI could sell only to an acquirer or acquirers approved in advance by the Commission (Order Paragraphs II.B and III.B.2).

Pending divestiture, the proposed order would preserve the status quo in two respects. First, to preserve the properties to be divested, SCI must maintain the viability and marketability of the properties and protect them from harm (Order Paragraph II.C). Second, to preserve competition between SCI and the properties to be divested, SCI must hold the properties separate from SCI's operations (Order Paragraph II.D).

In the remainder of the order, SCI agrees for ten (10) years to obtain prior approval from the Commission before acquiring any interest in funeral establishments or cemeteries in Jackson County, Oregon (Order Paragraph IV) report to the Commission concerning its efforts to divest and comply with the prior approval requirement (Order Paragraph V), notify the Commission of any changes in SCI that might affect its compliance with the order (Order Paragraph VI), and permit Commission representatives to review documents and interview employees to ensure compliance with the order (Order Paragraph VII).

The purpose of this analysis is to assist public comment on the proposed order. It is not an official interpretation of the order or the accompanying settlement and is not intended to modify their terms.

Donald S. Clark,

Secretary.
