

Law 96-354, September 19, 1980), whenever an agency publishes a General Notice of Rulemaking for any proposed or final rule, it must prepare and make available for public comment a regulatory flexibility analysis (RFA) that describes the impact of the rule on small entities (*i.e.*, small businesses, small organizations, and small governmental jurisdictions). No regulatory flexibility analysis is required, however, if the head of the Agency certifies that the rule will not have a significant impact on a substantial number of small entities.

This rule will not require the purchase of new instruments or equipment. The regulation requires no new reports beyond those now required. This rule will not have an adverse economic impact on small entities since its effect will be to provide clarification to all of the regulated community, including small entities. Therefore, in accordance with 5 U.S.C. 605(b), I hereby certify that this rule will not have a significant economic impact on a substantial number of small entities (as defined by the Regulatory Flexibility Act). Thus, the regulation does not require an RFA.

D. Paperwork Reduction Act

There are no additional reporting, notification, or recordkeeping provisions in this rule. Such provisions, were they included, would be submitted for approval to the Office of Management and Budget (OMB) under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List Update

AGENCY: Environmental Protection Agency.

ACTION: Notice of Deletion of the Wilson Concepts Site from the National Priorities List (NPL).

SUMMARY: The Environmental Protection Agency (EPA) announces the deletion of the Wilson Concepts Superfund Site (the Site) in Pompano Beach, Florida, from the National Priorities List (NPL). The NPL is appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of Florida have determined that all appropriate Fund-financed responses under CERCLA have been implemented and that no further cleanup by responsible parties is appropriate. Moreover, EPA and the State of Florida have determined that remedial actions conducted at the Site to date have been protective of public health, welfare, and the environment.

EFFECTIVE DATE: April 4, 1995.

SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: Wilson Concepts Superfund Site, Pompano Beach, Florida.

A Notice of Intent to Delete for this Site was published February 10, 1995 (60 FR 7934). The closing date for comments on the Notice of Intent to Delete was March 13, 1995. EPA received no substantive letters or comments during the comment period which opposed the deletion of this Site from the NPL. A letter of support for the deletion was received and has been included in the EPA, Region IV, Deletion Docket for the Site.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3). Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
