(A) Any program income that will have been received before the start of the next program year and that has not yet been programmed;

(B) Surplus from urban renewal settlements;

(C) Grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan; and

(D) Income from float-funded activities. The full amount of income expected to be generated by a floatfunded activity must be shown, whether or not some or all of the income is expected to be received in a future program year. To assure that citizens understand the risks inherent in undertaking float-funded activities, the recipient must specify the total amount of program income expected to be received and the month(s) and year(s) that it expects the float-funded activity to generate such program income.

(iii) An "urgent needs" activity (one that is expected to qualify under § 570.208(c) of this title) may be included only if the jurisdiction identifies the activity in the action plan and certifies that the activity is designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available.

(iv) This information about activities shall be in sufficient detail, including location, to allow citizens to determine the degree to which they are affected.

(2) HOME. (i) For HOME funds, a participating jurisdiction shall describe other forms of investment that are not described in § 92.205(b) of this title.

(ii) If the participating jurisdiction intends to use HOME funds for homebuyers, it must state the guidelines for resale or recapture, as required in § 92.254 of this subtitle.
