December 1994. The updated LLSIL figures for these MSAs, and 70 percent of the LLSIL, rounded to the next highest ten, are set forth in Table 3 below.

Table 4 below is a listing of each of the various figures at 70 percent of the updated 1995 LLSIL for family sizes of one to six persons. For families larger than six persons, an amount equal to the difference between the six-person and the five-person family income levels should be added to the six-person family income level for each additional person in the family. Where the poverty level for a particular family size is greater than the corresponding LLSIL figure, the figure is indicated in parentheses.

Section 4(8) of JTPA defines "economically disadvantaged" as, among other things, an individual whose family income was not in excess of the higher of the poverty level or 70 percent of the LLSIL. The Department of Health and Human Services published the annual update of the poverty-level guidelines at 60 FR 7772 (February 9, 1995).

Use of These Data

Based on these data, Governors should provide the appropriate figures to service delivery areas (SDAs), State Employment Security Agencies, and employers in their States to use in determining eligibility for JTPA. The Governor should designate the appropriate LLSILs for use within the State from Tables 1 through 3. Table 4 may be used with any of the levels designated.

Information may be provided by disseminating information on MSAs and metropolitan and nonmetropolitan areas within the State, or it may involve further calculations. For example, the State of New Jersey may have four or more figures: Metropolitan, nonmetropolitan, for portions of the State in the New York City MSA, and for those in the Philadelphia MSA. If an SDA includes areas that would be covered by more than one figure, the Governor may determine which is to be used. Pursuant to the JTPA regulations at 20 CFR 627.200, guidelines, interpretations, and definitions adopted

by the Governor shall be accepted by the Secretary to the extent that they are consistent with the JTPA and the JTPA regulations.

Disclaimer on Statistical Uses

It should be noted that the publication of these figures is only for the purpose of determining eligibility for applicable JTPA programs. BLS has not revised the lower living family budget since 1981, and has no plans to do so. The fourperson urban family budget estimates series has been terminated. The CPI–U adjustments used to update the LLSIL for this publication are not precisely comparable, most notably because certain tax items were included in the 1981 LLSIL, but are not in the CPI–U.

Thus, these figures should not be used for any statistical purposes, and are valid only for eligibility determination purposes under the JTPA program.

Signed at Washington, DC, this 18th day of April, 1995.

Donald J. Kulick,

Deputy Administrator.
