(e) Applicants tentatively selected for PSAP positions and each individual occupying a PSAP position, but not yet holding a PSAP access authorization, shall undergo testing for the use of illegal drugs in accordance with the provisions of the DOE policies implementing Executive Order 12564, or Part 707 of this chapter, which establish workplace substance abuse programs for DOE and contractor employees respectively. A determination of the use of illegal drugs, based on a drug test, shall result in termination of consideration for the PSAP access authorization. An employee who has been determined to have used illegal drugs, based on a drug test, shall be immediately reassigned from the PSAP duties and processed under the provisions of Subpart A of this part.

(f) The supervisor (or selecting official) shall report any security concerns, resulting from his or her review, to the appropriate management official.

(h) Recognition of security concerns and unusual Conduct. In order to facilitate early recognition of an individual who represents a possible security concern, individuals who, in the judgment of the responsible supervisor, exhibit unusual conduct shall be referred to the site Occupational Medical Director, who may arrange for the PSAP-cleared employee to be examined by the appropriate medical staff. Information indicating a possible security concern shall be reported immediately to the appropriate management official and PSAP Approving Official.

(i) Temporary reassignment to non-PSAP duties. Where an individual has demonstrated a possible security concern or a condition which may temporarily affect his or her reliability, the individual, with the recommendation of the site Occupational Medical Director or the PSAP Approving Official, may be temporarily reassigned to non-PSAP duties. In the event that a PSAP-cleared employee is temporarily reassigned to

non-PSAP duties, the supervisor, jointly with the site Occupational Medical Director and/or the PSAP Approving Official, as appropriate, may determine the temporary restrictions to be placed on the employee. The PSAP Approving Official shall be notified immediately upon the decision to temporarily reassign the employee to non-PSAP duties and the reason for such action, and upon the decision to reinstate such employee. ## §710.58 Medical assessment.

(a) The medical examination. The purpose of the PSAP medical examination is to ensure that an applicant tentatively selected for, or incumbent in, a PSAP position does not represent a security concern or have a condition which may prevent the individual from performing PSAP duties in a reliable and safe manner. The examination shall include an evaluation to determine the presence of any physical or mental condition that causes or may cause a significant defect in the judgment or reliability of the individual, including that which may result from the use of illegal drugs or the use of alcohol habitually to excess.

(2) *Rehabilitation.* Individuals reinstated to PSAP duties following treatment leading to rehabilitation from the use of alcohol habitually to excess shall be required to undergo evaluation as prescribed by the site Occupational Medical Director to ensure continued rehabilitation. Such evaluation shall be consistent with appropriate Departmental substance abuse programs.

(e) Examination for the cause of reported unusual conduct. Upon referral of a PSAP-cleared employee by a supervisor for observed unusual conduct, the site Occupational Medical Director may arrange for the employee to be examined by appropriate specialists.

(h) Sick leave from a PSAP position. PSAP-cleared employees who have been on sick leave for five or more consecutive work days are required to report in person to the site Occupational Medical Director before being allowed to return to normal duties.
