

**ACTION:** Final regulations.

**SUMMARY:** The Secretary amends the regulations governing the Federal Pell Grant Program to add the Office of Management and Budget (OMB) control number to certain sections of the regulations. Those sections contain information collection requirements approved by OMB. The Secretary takes this action to inform the public that these requirements have been approved, and therefore affected parties must comply with them.

**EFFECTIVE DATE:** These regulations are effective on July 1, 1995.

**SUPPLEMENTARY INFORMATION:** Final regulations for the Federal Pell Grant Program were published in the **Federal Register** on November 1, 1994 (59 FR 54718). Compliance with information collection requirements in certain sections of these regulations was delayed until those requirements were approved by OMB under the Paperwork Reduction Act of 1980. OMB approved the information collection requirements in the regulations on December 5, 1994. The information collection requirements in these regulations will therefore become effective with all of the other provisions of the regulations on July 1, 1995.

#### Waiver of Proposed Rulemaking

It is the practice of the Secretary to offer interested parties the opportunity to comment on proposed regulations. However, the publication of OMB control numbers is purely technical and does not establish substantive policy. Therefore, the Secretary has determined under 5 U.S.C. 553(b)(B), that public comment on the regulations is unnecessary and contrary to the public interest.

The redesignation is based upon violations of the ozone NAAQS which were monitored from 1992-1994.

#### SUPPLEMENTARY INFORMATION:

##### Background

The CAA authorizes the EPA to revise the designation of current ozone areas from unclassifiable/attainment to nonattainment on the basis of air quality data, planning and control considerations, or any other air quality-related considerations the EPA deems appropriate (see section 107(d)(3) of the CAA).

Following the process outlined in section 107(d)(3) of the CAA, on December 16, 1994, the Regional Administrator of the EPA Region 6 notified the Governor of New Mexico that the EPA believed the Sunland Park area should be redesignated as nonattainment for ozone. Under section 107(d)(3)(B) of the CAA, the Governor of New Mexico was required to submit to the EPA the designation considered appropriate for the Sunland Park area within 120 days after the EPA's notification. The EPA received the State's response for the Sunland Park area on February 6, 1995 (letter dated January 30, 1995). Following receipt of the Governor's letter, the EPA proceeded to propose the nonattainment designation for the Sunland Park area (see 60 **Federal Register** (FR) 17756-17758, April 7, 1995). The EPA now is taking final action on the proposed nonattainment redesignation. Based upon the EPA's review of the State's January 30, 1995, letter for the Sunland Park area, the EPA is finalizing a redesignation to nonattainment which is consistent with the request submitted by the Governor of New Mexico.

Section 107(d)(1)(A) of the CAA sets out definitions of nonattainment, attainment, and unclassifiable. A nonattainment area is defined as any area that does not meet (or that significantly contributes to ambient air quality in a nearby area that does not meet) the national primary or secondary ambient air quality standard for ozone (see section 107(d)(1)(A)(i) of the
