

TABLE 302.4—LIST OF HAZARDOUS SUBSTANCES AND REPORTABLE QUANTITIES—Continued

[NOTE: All Comments/Notes Are Located at the End of This Table]

| Hazardous substance                   | CASRN  | Regulatory synonyms                                                                                                     | Statutory |         |                | Final RQ |             |
|---------------------------------------|--------|-------------------------------------------------------------------------------------------------------------------------|-----------|---------|----------------|----------|-------------|
|                                       |        |                                                                                                                         | RQ        | Code†   | RCRA waste No. | Category | Pounds (Kg) |
| Ethene, 1,1-dichloro- .....           | 75354  | 1,1-Dichloroethylene .....<br>Vinylidene chloride                                                                       | 5000      | 1,2,3,4 | U078           | B        | 100(45.4)   |
| Ethene, tetrachloro- .....            | 127184 | Perchloroethylene .....<br>Tetrachloroethene<br>Tetrachloroethylene                                                     | 1*        | 2,3,4   | U210           | B        | 100(45.4)   |
| Ethene, trichloro- .....              | 79016  | Trichloroethene .....<br>Trichloroethylene                                                                              | 1000      | 1,2,3,4 | U228           | B        | 100(45.4)   |
| Ethyl acrylate .....                  | 140885 | 2-Propenoic acid, ethyl ester.                                                                                          | 1*        | 3,4     | U113           | C        | 1000(454)   |
| Ethylbenzene .....                    | 100414 | .....                                                                                                                   | 1000      | 1,2,3   |                | C        | 1000(454)   |
| Ethyl carbamate .....                 | 51796  | Carbamic acid, ethyl ester.<br>Urethane                                                                                 | 1*        | 3,4     | U238           | B        | 100(45.4)   |
| Ethyl chloride .....                  | 75003  | Chloroethane .....                                                                                                      | 1*        | 2,3     |                | B        | 100(45.4)   |
| Ethylene dibromide .....              | 106934 | Dibromoethane .....<br>Ethane, 1,2-dibromo-                                                                             | 1000      | 1,3,4   | U067           | X        | 1(0.454)    |
| Ethylene dichloride .....             | 107062 | 1,2-Dichloroethane .....<br>Ethane, 1,2-dichloro-                                                                       | 5000      | 1,2,3,4 | U077           | B        | 100(45.4)   |
| Ethyleneimine .....                   | 151564 | Aziridine .....                                                                                                         | 1*        | 3,4     | P054           | X        | 1(0.454)    |
| Ethylene oxide .....                  | 75218  | Oxirane .....                                                                                                           | 1*        | 3,4     | U115           | A        | 10(4.54)    |
| Ethylenethiourea .....                | 96457  | 2-Imidazolidinethione .....                                                                                             | 1*        | 3,4     | U116           | A        | 10(4.54)    |
| Ethylidene dichloride .....           | 75343  | 1,1-Dichloroethane .....<br>Ethane, 1,1-dichloro-                                                                       | *         | 2,3,4   | U076           | C        | 1000 (454)  |
