

(36) Request VIII-30(C)—Symbol for Number of Tracks Sign

This request from a private citizen in Cheltenham, Pennsylvania, is to replace the standard Number of Tracks Sign (R15-2) with a symbol sign showing

tracks instead of the word "TRACKS." The symbol is shown below. The purpose stated for this request is to provide better understanding of traffic control signs for non-English speaking drivers.

The FHWA proposes to deny this request. The FHWA does not have any data to indicate that the standard Number of Tracks Sign is misunderstood by drivers.
