[Docket No. 50-382]

### Entergy Operations, Inc.; Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Entergy Operations, Inc. (the licensee) to withdraw its October 15, 1993, application for proposed amendment to Facility Operating License No. NPF-38 for the Waterford Steam Electric Station, Unit No. 3, located in St. Charles Parish, Louisiana.

For further details with respect to this action, see the application for amendment dated October 15, 1993, and the licensee's letter dated May 19, 1995, which withdrew the application for license amendment. The above documents are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street NW., Washington, DC, and at the local public document room located at the University of New Orleans Library, Louisiana Collection, Lakefront, New Orleans, LA 70122.
