#### Clean Air Act Approval and Promulgation of Title V, Section 507, Small Business Stationary Source Technical and Environmental Compliance Assistance Program for Arizona

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA is proposing to approve revisions to the Arizona State Implementation Plan (SIP) which concern the Small Business Stationary Source Technical and Environmental Compliance Assistance Program (PROGRAM).

The implementation plan was submitted by the State to satisfy the Federal mandate of the Clean Air Act (CAA) to ensure that small businesses have access to the technical assistance and regulatory information necessary to comply with the CAA. In the final rules Section of this **Federal Register**, the EPA is approving the state's SIP revision as a direct final rule without additional proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule

will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

**DATES:** Comments on this proposed rule must be received in writing by July 17, 1995.

**AGENCY:** Environmental Protection Agency (USEPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Ohio Environmental Protection Agency has requested the redesignation of the Cleveland/Akron/

Lorain metropolitan area (consisting of the Ohio counties of Lorain, Cuyahoga, Lake, Ashtabula, Geauga, Medina, Summit and Portage) from moderate nonattainment to attainment for ozone. Before the request can be approved through final rulemaking, several State Implementation Plan (SIP) revisions must be approved. The USEPA is rulemaking, or has rulemade, separately on Ohio SIP revisions involving volatile organic compounds (VOC) Reasonable Available Control Technology (RACT) rules, the 1990 Base-year Inventory, the section 182(f) nitrogen oxides (NO<sub>x</sub>) RACT waiver request, the 182(b)(1) reasonable further progress plan, the 182(b)(4) inspection and maintenance plan, and the attainment demonstration. Upon final approval of the required plan elements, the CAL nonattainment area will have met all of the requirements for redesignation specified under section 107(d)(3)(E). Therefore, the USEPA is proposing approval of the redesignation request and maintenance plan for the CAL area of Ohio.

**DATES:** Comments on this redesignation and on the proposed USEPA action must be received by July 17, 1995.
