Special Guidelines for Technical Assistance Workshop

A one-day technical assistance workshop will be held in Washington, DC, approximately two weeks after the publication date of the Program Announcement in the **Federal Register**. The purpose of this meeting is to help potential applicants to:

1. Understand the scope and intent of Announcement 532; and
2. Understand the Public Health Service grants policies, applications, and review procedures.

Attendance at this workshop is not mandatory. Applicants who are currently funded by CDC may not use project funds to attend this workshop. However, attendees who compete successfully may be reimbursed for their allowable and reasonable expenses through their new award.

Each potential applicant may send no more than two representatives to this meeting. Please provide the names of the persons that are planning to attend this meeting to Elizabeth Majestic, Chief, Special Populations Section, Division of Adolescent and School Health, telephone (404) 488-5356, within 10 working days after the publication date of the program announcement in the **Federal Register**.

Dated: June 12, 1995.

Joseph R. Carter,

Acting Associate Director for Management and Operations, Centers for Disease Control and Prevention (CDC).

[Announcement 572]

National Institute for Occupational Safety and Health; Prevention of Stress and Health Consequences of Workplace Downsizing and Reorganization

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1995 funds for a cooperative agreement program to study organizational downsizing/reorganization and propose interventions to reduce the negative health and performance consequences among employees. The research funded by this cooperative agreement will focus on the defense nuclear industry where large-scale downsizing and reorganization are currently occurring,

but the research will provide a model for other industries affected by downsizing and reorganization issues.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority areas of Occupational Safety and Health and Mental Health and Mental Disorders. (For ordering a copy of Healthy People 2000, see the Section **WHERE TO OBTAIN ADDITIONAL INFORMATION**.)

Authority

This program is authorized under Sections 20 (a) and 22(e)(7) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 669(a) and 671(e)(7)).

Smoke-free Workplace

The PHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care and early childhood development services are provided to children.

Eligible Applicants

Applications may be submitted by public and private, non-profit and for-profit organizations and governments, and their agencies. Thus, universities, colleges, research institutions, hospitals, other public and private organizations, State and local health departments or their bona fide agents, federally recognized Indian tribal governments, Indian tribes or Indian tribal organizations, and small, minority-, and/or women-owned businesses are eligible to apply.

Availability of Funds

Approximately \$300,000 is available in FY 1995 to fund at least one award. It is expected that the award will begin on or about September 30, 1995, and will be made for a 12-month budget period within a project period of 3 to 5 years. Funding estimates may vary and are subject to change.

Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Purpose

The purpose of this cooperative agreement is to utilize the special resources of the extramural community to conduct a program of applied
