are not wreckfish ITQ shareholders, (10) allow for an undetermined commercial bag limit in the South Atlantic region; and (11) allow for an undetermined commercial bag limit only in the South Florida area.

A final public hearing will be held to solicit comments on management options for Amendment 1 to the Shrimp FMP, which proposes to add rock shrimp to the management unit, prohibit trawling for rock shrimp in designated areas, and implement mandatory permitting and reporting requirements for vessels fishing for, and dealers handling, rock shrimp in the South Atlantic region. In addition, the Council will solicit comments on a mandatory vessel operator license and other management measures to enhance law enforcement that it is considering.

Verbal public comments regarding Shrimp FMP Amendment 1 may be presented at the public hearing and will be considered by the Council prior to taking its intended final action at the June public meeting. Written public comments on the subjects of the scoping meetings, including any Council scoping documents made available to the public, may be submitted to the Council from the time of the scoping meetings until such time as the Council has prepared appropriate and related hearing documents that are available for public comment. For copies of the public scoping and hearing documents, see ADDRESSES.

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office by June 16, 1995.

For special accommodations regarding the meetings and hearing, contact the Council (see ADDRESSES).

Authority: 16 U.S.C. 1801 et. seq.

Dated: June 13, 1995.

Richard H. Schaefer,

Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.
