

motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, and if the Commission on its own review of the matter finds that a grant of certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

Office of Policy, Planning and Evaluation

Title: Implementation of XL Projects—Regulatory Reinvention Pilot Projects, EPA ICR #1755.02. This ICR requests amendment of a currently approved collection (OMB #2010-0026).

Abstract: This information collection amends the previously approved collection (ICR #1755.01, OMB approval #2010-0026) to extend that proposed Project XL solicitation phase beyond the 9/30/95 approval period. In addition, this information collection covers the burden for implementation of XL projects from the point of project selection onward: development of the Final Project Agreement (FPA), project implementation, and evaluation.

The Project XL Pilot Projects are a set of pilot projects to test performance-based environmental management systems as alternatives to command and control regulatory approaches. The XL Projects are divided into four categories: facility-based projects, industry- or sector-based projects, community-based projects, and government agency-based projects. Under these projects, regulated entities will be given flexibility to depart from existing regulatory requirements in exchange for enforceable commitments to achieve environmental results that, on the
