Bonneville Power Administration

Notice of Intent to Prepare an Environmental Impact Statement and Notice of Floodplain and Wetlands Involvement for the Wildlife Mitigation Program

AGENCY: Bonneville Power Administration (BPA), Department of Energy (DOE).

ACTION: Notice of Intent to Prepare an Environmental Impact Statement (EIS) and Notice of Floodplain and Wetlands Involvement.

SUMMARY: Today's notice announces BPA's intention to prepare an EIS on proposed establishment of principles for implementing a program to mitigate the loss of wildlife habitat caused by the development and operation of Columbia River Basin (Basin) hydroelectric projects (as allocated to the purpose of power production). This action involves land resources planning probably affecting many floodplains and wetlands throughout the Basin. In accordance with the Pacific Northwest Electric Power Planning and Conservation Act (Northwest Power Act, 16 U.S.C. 839), specific wildlife mitigation activities that BPA would implement under the program are developed through Pacific Northwest Power Planning Council (Council) procedures and proposed in the Council's Fish and Wildlife Program. Although BPA decisions on these specific actions are independent of one another, preparation of this EIS recognizes their similarity of impacts, methods of implementation, and subject matter. We stress that the EIS will focus on wildlife mitigation, *not* on anadromous or resident fish mitigation. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR part 1022), the EIS will integrate a floodplain and wetlands assessment.

BPA invites public comment on the range of actions, alternatives, and impacts to address in the Wildlife Mitigation Program EIS.

DATES: A public scoping meeting is schedule for July 14, 1995, 2 p.m. to 4 p.m., at the Forum Building, room 190, 525 NE Oregon Street, Portland, Oregon. BPA is willing to hold additional scoping meetings depending on public interest and will contact Tribes, agencies, and groups known to be interested in the wildlife program. Written comments are due to the address below no later than July 28, 1995.

ADDRESSES: Please send written comments and requests to be placed on the project mailing list to the Public Involvement and Information Manager, Bonneville Power Administration—CKP, PO Box 12999, Portland, Oregon 97212. The phone number of the Public Involvement and Information Office is 503–230–3478 in Portland; toll-free 1–800–622–4519 outside of Portland.
