Amended Notice of Intent to Prepare an Environmental Impact Statement for the Continued Operation of the Pantex Plant and Associated Storage of Nuclear Weapon Components

AGENCY: Department of Energy.

ACTION: Amended Notice of Intent.

SUMMARY: The Department of Energy (DOE) issued a Notice of Intent for the preparation of a site-wide Environmental Impact Statement (EIS) for the Continued Operation of the Pantex Plant and Associated Storage of Nuclear Weapon Components (59 FR 26635, May 23, 1994). In that notice, alternatives involving the potential relocation of selected Pantex Plant operations to other sites were not fully defined. DOE published an EIS Implementation Plan (DOE/EIS-0225-IP, December 1994) which defined the proposed scope of the EIS and the process of identifying potential alternate sites. DOE has now identified the potential reasonable alternate sites for relocation of selected Pantex Plant operations which will be analyzed in the EIS, and is issuing this amended Notice of Intent to announce these modifications to the scope of the EIS and to solicit public comments regarding these changes.

DATES: DOE invites the general public, other government agencies, and all other interested parties to comment on the amended scope and content of this EIS. DOE is soliciting additional oral and written comments, suggestions, requests for information, and requests for public meetings no later than July 24, 1995. These comments will receive equal consideration to comments presented during the June 1994 scoping period.
