**[Docket No. CP95-568-000]**

**Williams Natural Gas Co.; Notice of Request Under Blanket Authorization**

June 20, 1995.

Take notice that on June 16, 1995, Williams Natural Gas Company (WNG), P.O. Box 3288, Tulsa, Oklahoma 74101, filed in Docket No. CP95-568-000 a request pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216) for authorization to abandon by reclaim facilities originally installed to deliver sales gas to Farmland Industries (Farmland) and to the Kansas Public

Service Haskell town border (KPS Haskell), both located in Douglas County, Kansas, under WNG's blanket certificate issued in Docket No. CP82-479-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

WNG states that the Farmland facilities were originally installed in 1954 and the KPS Haskell facilities were originally installed in 1938. In addition, WNG states that the Farmland setting has been blinded since 1983 and is no longer required to supply natural gas to the plant. WNG also states that the KPS Haskell setting has been blinded for several years, WNG having received authorization in Docket No. CP92-637-000 to install an additional tap for KPS in Douglas County which shifted the load from the low pressure distribution system serving the Haskell town border in anticipation of abandoning the town border. WNG further states that the reclaim of the Farmland and KPS Haskell facilities will also enable WNG to reclaim two regulator settings thereby eliminating unnecessary facilities.

WNG states that the total cost to reclaim the facilities at both locations is estimated to be \$1,200 with an estimated salvage value of \$0.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
