OMB Approval Number 2577-0130 was allowed to expire off the inventory inadvertently. HUD was in the process of drafting, clearing and publishing a Proposed Rule which allowed the public to comment on changes in the Indian Housing Program. A Final rule was published on April 10, 1995 (copy attached). HUD is requesting in this justification that that OMB Approval Number be reinstated. This

reinstatement will cancel the following OMB Approval Numbers: 2577-0076, 2577-0030, 2577-0032, 2577-0031, 2577-0185. The burden hours associated with these numbers have been included in Item 12 of this justification. It is HUD's intent to incorporate all the information collection for this Rule under one OMB approval number 2577-0130. Burden hours have been calculated for each section of the Rule.

2. The information will be provided by IHAs and used by HUD in monitoring administrative capability, procurement procedures required by 24 CFR 85.36, funding eligible applicants for project development, approving development cost budgets, contract administration, certifications/verifications, lease and grievance procedures, waiting lists, administration of Mutual Help Program, approving operating budgets, funding Comprehensive Improvement Assistance and Comprehensive Grant Programs, statutory compliance to conduct energy audits, approving demolition/disposition requests, Homeownership and Family Self-Sufficiency Programs. Information is submitted one-time or annually.

3. There has been no consideration of information technology to reduce the burden.

4. The information collected does not reflect any duplication of effort since information provided must be updated annually by the Indian housing authority so that requests for funding can be reviewed annually based on current information.

5. The collection of information does not have a significant impact on a number of small businesses or other small entities.

6. The information collection must be conducted and could not be collected less frequently than one-time or

annually. Most of the information requires IHAs to prepare applications, proposals to be approved for grant funding on a fiscal year basis.

7. The information collection is not to be conducted in a manner inconsistent with the general information collection guidelines in 5 CFR 1320.6.

8. HUD consulted with the National American Indian Housing Council, regional IHA associations, its six Native American Program Area Offices, and other IHA representatives on the structure of this Program. The Proposed Rule stage allowed for additional public comments to be submitted to HUD for review and consideration.

9. HUD does not require an assurance of confidentiality provided to respondents.

10. HUD does not ask any questions of a sensitive nature.

11. There is no cost to the Federal Government and respondents.

12. The reporting burden calculation is attached.

13. There has been a significant decrease in the number of burden hours on the Indian housing authority (IHA) with the publication of this regulation. For IHAs with administrative capability, document submission such as development programs and operating budgets have been eliminated from this rule. Also, only those IHAs with a corrective action order are required to submit a management improvement plan. Similar decreases have taken place throughout the rule with an emphasis on paperwork reduction.

14. These information collections will not be published.

12. The following estimates are provided for the information collection burden associated with the reporting and recordkeeping burden for this rule:
