

regulated pollutant emission rate. All facilities must maintain records on the facility operation that document: (1) The occurrence and duration of any start-ups, shutdowns, and malfunctions; (2) measurements of particulate matter emissions; (3) pressure drops across any scrubber system; and (4) the initial performance test results of the continuous monitoring system demonstration. All subject facilities must maintain records related to compliance for 2 years.

**Burden Statement:** Public reporting burden for this collection of information is estimated to average 65 hours per response, including time for reviewing instructions, searching existing data sources, gathering the data needed, completing the collection of information and maintaining records.

**Respondents:** Owners or operators of coal preparation plants.

**Estimated Number of Respondents:** 325.

**Estimated Total Annual Burden on Respondents:** 23,390 hours.

**Frequency of Collection:** Quarterly, semi-annually, annually and one-time notifications.

Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden, (please refer to EPA ICR #1062.05 and OMB #2060-0122) to:

Sandy Farmer, EPA ICR #1062.05, U.S. Environmental Protection Agency, Information Policy Branch (2136), 401 M Street, SW., Washington, DC 20460. and

Troy Hillier, OMB #2060-0122, Office of Management and Budget, Office of Information and Regulatory Affairs, 725 17th Street, NW., Washington, DC 20503.

Dated: June 26, 1995.

**Agency Information Collection Activities Under OMB Review**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget

(OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before July 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** For further information, or a copy of this ICR, contact Sandy Farmer at (202) 260-2740, please refer to EPA ICR #1284.04.

**SUPPLEMENTARY INFORMATION:**

**Office of Air and Radiation**

**Title:** New Source Performance Standards for Polymeric Coating of Supporting Substrates (EPA ICR #1284.04; OMB #2060-0181).

**Abstract:** This ICR is for an extension of an existing information collection in support of the Clean Air Act, as described under the general NSPS at 40 CFR 60.7-60.8, and the specific NSPS for volatile organic compound (VOC) emissions from facilities conducting polymeric coating of supporting substrates at 40 CFR Part 60.740-60.747. The EPA will use the information to direct monitoring, inspection, and enforcement efforts, thereby ensuring compliance with the NSPS.

Under this ICR owners and operators of affected facilities must provide EPA or the delegated authority with: (1) Notification of construction, reconstruction, or modification; (2) anticipated and actual dates of facility start-up; (3) initial performance test data, results, and if appropriate, projected solvent consumption for that year; (4) notification of any physical or operational change to an existing facility which may increase the regulated pollutant emission rate; (5) notification of demonstration of the continuous monitoring system; and (6) monitoring reports (submitted semi-annually for facilities operating within accepted parameters, quarterly for facilities which experience excess emissions or which deviate from operating parameters.)

All affected facilities must maintain records on the facility operation that document: (1) The occurrence and duration of any start-ups, shutdowns, and malfunctions; (2) actual solvent consumption; (3) initial performance test results; and (4) data on continuously monitored operating parameters.

Presently there are 31 facilities subject to the regulation with an estimated growth of 2-3 facilities over the next three years. All facilities must maintain records related to compliance for two years.

**Burden Statement:** Public reporting burden for this collection of information is estimated to average 172 hours per respondent, including time for reviewing instructions, searching existing data sources, gathering the data needed, completing the collection of information and maintaining records.

**Respondents:** owners or operators of polymeric coating operations.

**Estimated Number of Respondents:** 37.

**Estimated Total Annual Burden on Respondents:** 5,958 hours.

**Frequency of Collection:** quarterly, semi-annually, annually and one-time notifications.

Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden, (please refer to EPA ICR # and OMB #2060-) to:

Sandy Farmer, EPA ICR #1284.04, U.S. Environmental Protection Agency, Information Policy Branch (2136), 401 M Street, SW., Washington, DC 20460. and

Troy Hillier, OMB #2060-0181, Office of Management and Budget, Office of Information and Regulatory Affairs, 725 17th Street, NW., Washington, DC 20503.

Dated: June 26, 1995.
