Estimated Total Annual Burden—1,739,000 hours			

8. Women's Health and Aging Study—0925—0376—Extension—This prospective epidemiologic study examines and follows, for a period of 3 years, 1,000 disabled elderly women living within a defined geographic area in Baltimore City and County. The overall goal of this study is to understand the causes and course of physical disability in women age 65 years and older. Respondents: Individual or households; Number of Respondents: 1,097; Number of Responses per Respondent: 2; Average Burden per Response: 1 hr; Estimated Total Annual Burden: 2,194 hours. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737-F, Humphrey Building, 200 Independence Ave., S.W., Washington, D.C. 20201.

9. Gonococcal Isolate Surveillance Project—0920—0307—Extension, no change—Gonococcal Isolate Surveillance Project (GISP) is a national sentinel surveillance system that monitors the trends in antimicrobial susceptibilities guidelines for the treatment of gonorrhea infections. The respondents are five regional laboratories and 25 sexually transmitted disease clinics. Respondents: Not-for-profit institutions; State, Local or Tribal Government; Number of Respondents: 33; Number of Responses per Respondent: 527.3; Average Burden per Response: 0.597 hr.; Estimated Total Annual Burden: 10,400 hours. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, D.C. 20503.

10. Phase I Implementation of the 1996 NHIS Basic Module—New—The National Health Interview Survey (NHIS) is a multi-purpose health survey, and is a principle source of information on the health of the civilian, household population of the United States. The NHIS is being redesigned for 1996, to implement the use of the Computer Assisted Personal Interview (CAPI) data

collection system. This request is for approval of the first phase and the overall description. Respondents: Individuals or households; Number of Respondents: 1,500; Number of Responses per Respondent: 1; Average Burden per Response: 1.51 hr.; Estimated Total Annual Burden: 2,258 hours. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, D.C. 20503.

11. Application Form and Related Forms for the Operation of the National Death Index—Extension, no change—Researchers apply to use the National Death Index (NDI) to determine whether persons in their studies have died and to obtain the states of death and death certificate numbers of the decedents. The five administrative forms are completed by researchers in order to apply for NDI services and to submit records of study subjects for computer matching against the NDI file. Respondents: Not-for-profit institutions; Number of Respondents: 120; Number of Responses per Respondent: 6.5; Average Burden per Response: .291 hr.; Estimated Total Annual Burden: 227 hours. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, D.C. 20503.

12. Healthy Schools, Healthy Communities Program National Evaluation: Master Survey Instrument—New—As part of the national evaluation of the Healthy Schools, Healthy Communities Program, surveys will be conducted of elementary, middle, and high school students in grantee schools and comparison schools, and parents of surveyed elementary school students. Data on health services utilization, health problems, and risk behaviors will be collected. Respondents: Individuals or households. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, D.C. 20503.

	No. of re- spond- ents	No. of re- sponses/ respond- ent	Average burden/ re- sponse (hrs)
Survey of Students	10,900	2	.69
Survey of Parents	4,300	2	.29
Estimated Total Annual Burden—17,620 hours			

13. Mammography Facilities—Requirements for Accrediting Bodies and Quality Standards and Certification Requirements—21 CFR Part 900—New—These Interim Rules implement the accreditation, quality standards, and certification provisions of the Mammography Quality Standards Act of 1992. The intent of these interim rules is to assure safe, reliable, and accurate mammography on a nationwide level. Respondents: Business or other-for-profit. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, D.C. 20503.
