Technical Amendments to TSCA Regulations to Update Addresses**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final Rule.

SUMMARY: EPA is issuing technical amendments to several regulations under the Toxic Substances Control Act (TSCA). These amendments revise the addresses for mailing information to, requesting information from, or otherwise contacting certain offices in the Office of Pollution Prevention and Toxics (OPPT). Additionally, this document makes technical amendments to certain information submission procedures that pertain to TSCA section 4 test rules and consent orders.

EFFECTIVE DATE: This final rule takes effect on July 3, 1995.

FOR FURTHER INFORMATION CONTACT: Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460, Telephone: (202) 554-1404, TDD: (554-0551); TSCA-Hotline@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: This document makes technical amendments

to certain TSCA regulations (40 CFR parts 700 to end). The technical amendments update the mailing addresses for submissions of information to, requesting information from, or otherwise contacting certain offices in OPPT. The addresses currently listed in the regulations have been changed and should no longer be used. Updating applicable addresses will ensure that OPPT receives all information requests and submissions in a timely manner.

Additionally, in order to centralize document receipt and to reduce burdens associated with the submission of information under TSCA section 4 test rules and consent orders, EPA is revising its section 4 procedural rules at 40 CFR Part 790 so that all documents and requests for actions be sent to the address published in 40 CFR 790.5(b). The current procedural rules require under § 790.5(d) that certain submissions and inquiries relating to test rules and consent orders be submitted to the Director of the Office of Compliance Monitoring (OCM). Some of these submissions are duplicative (e.g., the requirement at 40 CFR 790.5(d) to submit to OCM copies of transmittal memos accompanying material submitted to OPPT under § 790.5(b)). In addition, the responsibility to handle other, non-duplicative submissions, as well as questions, has been assigned to OPPT as the result of EPA streamlining and reorganization efforts that have eliminated OCM. Therefore, EPA is removing § 790.5(d) and references to that section. Where appropriate, EPA is replacing references to § 790.5(d) with references to § 790.5(b).

Because these are non-substantive procedural changes, notice and public comment are not necessary. These changes are effective immediately.

I. Rulemaking Record

EPA has established a record for this rulemaking (docket control number OPPTS-00173). A public version of the record, without any confidential business information is available in the Non-Confidential Information Center (NCIC) (7407), Office of Pollution Prevention and Toxics, U.S. Environmental Protection Agency, Room B-607 NEM, 401 M Street, SW., Washington, DC, 20460, between the hours of 12 p.m. and 4 p.m. weekdays excluding legal holidays.

II. Regulatory Assessment Requirements Analyses Under Executive Order 12866, the Unfunded Mandates Reform Act of 1995, the Regulatory Flexibility Act, and the Paperwork Reduction Act

Because this action is limited to intra-agency procedural changes, including updating addresses, consolidating addressees and eliminating unnecessary procedural duplication, there is no "significant" regulatory action within the meaning of Executive Order 12866 (58 FR 51735, October 4, 1993). In addition, this action does not impose any additional Federal mandates on State, local, or tribal governments or the private sector within the meaning of The Unfunded Mandates Reform Act of 1995. For these reasons, pursuant to the Regulatory Flexibility Act (5 U.S.C. 605(b)), I certify that this action would not have a significant economic impact
