Background

Under 49 U.S.C. § 30141(a)(1)(A) (formerly section 108(c)(3)(A)(i) of the National Traffic and Motor Vehicle Safety Act (the Act)), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. § 30115 (formerly section 114 of the Act), and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**

J.K. Motors, Inc. of Kingsville Maryland (Registered Importer R–90– 006) petitioned NHTSA to decide whether 1993 Volvo 940 GL passenger cars are eligible for importation into the United States. NHTSA published notice of the petition on November 8, 1994 (59 FR 55738) to afford an opportunity for public comment. The reader is referred to that notice for a thorough description of the petition. No comments were received in response to the notice. Based on its review of the information submitted by the petitioner, NHTSA has decided to grant the petition.

Vehicle Eligibility Number for Subject Vehicles

The importer of a vehicle admissible under any final decision must indicate on the form HS-7 accompanying entry the appropriate vehicle eligibility number indicating that the vehicle is eligible for entry. VSP 95 is the vehicle eligibility number assigned to vehicles admissible under this decision.

Final Determination

Accordingly, on the basis of the foregoing, NHTSA hereby decides that a 1993 Volvo 940 GL not originally manufactured to comply with all applicable Federal motor vehicle safety standards is substantially similar to a 1993 Volvo 940 GL originally manufactured for importation into and sale in the United States and certified under 49 U.S.C. § 30115, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.
