SUPPLEMENTARY INFORMATION:

I. Background

This rule finalizes two previously published interim rules amending HUD's regulations governing allocation of budget authority. The first rule, published on August 4, 1993 (58 FR 41426), added two subcategories of budget assistance to § 791.403 for uses that the Secretary determines are incapable of geographic allocation by formula: (1) Budget authority as identified in the Operating Plan submitted to the Appropriations Committees; and (2) Budget authority involving recently enacted legislation which prescribes that a portion of program assistance be set aside or otherwise mandated for other than general use. The second rule, published on July 11, 1994 (59 FR 35253), increased the amount of funding available under the Headquarters Reserve.
