BILLING CODE 3710-24-M

Award of the New Fort Bragg/Pope Air Force Base Managed Mental Health Services Contract to FHC Options, Inc. (Civilian Health and Medical Program of the Uniformed Services (CHAMPUS))

AGENCY: Army, Office of The Surgeon General.

ACTION: Notice of award of the Fort Bragg/Pope Air Force Base managed mental health program fixed price, at-risk contract.

SUMMARY: The Fleet Industrial Supply Center (FISC) Naval Detachment, Philadelphia, Pennsylvania, has awarded to FHC Options, Inc., a subsidiary of FHC Health Systems, Norfolk, Virginia, the contract to provide managed mental health services to Fort Bragg and Pope Air Force Base CHAMPUS eligible beneficiaries in the Fayetteville, North Carolina area. The contract duration is one year, the four subsequent one-year renewal options. The new contract implementation date is October 1, 1995.

Currently, Fort Bragg and Pope Air Force Base CHAMPUS-eligible adults receive mental health services as under the standard CHAMPUS benefit and management program. Children and adolescents receive mental health services initiated under the Fort Bragg demonstration. The demonstration project ended on 18 May 1994; its provisions continue under an interim contract scheduled to end September 30, 1995. Under the demonstration CHAMPUS-eligible beneficiaries under 18 years of age were evaluated through a central intake system and referred to providers of the main subcontract or its subcontracted providers. Intermediate level services were available in less restrictive settings, between inpatient and outpatient services. There were no copays, deductibles or cost-shares associated with mental health care received under the demonstration.

FOR FURTHER INFORMATION CONTACT: Mr. Kenneth Bullock, Contract Specialist,

FISC Detachment, Philadelphia, Pennsylvania 19112-5082, (215) 697-9676 or Captain Kathleen Lavigne, Medical Corps, Contracting Officer's Representative, Womack Army Medical Center, Fort Bragg, North Carolina 28307-5000, (910) 432-2992.

SUPPLEMENTARY INFORMATION: The new contract incorporates the following changes from the past contract:

24-Hour, Toll Free Referral Line

Fort Bragg and Pope Air Force Base CHAMPUS-eligible beneficiaries may obtain access to mental health services by calling the 24-hour, toll free CHOICE LINE. The telephone line is staffed by licensed mental health clinicians who have access to a computerized program that assists in finding the most appropriate mental health provider for the beneficiary. Routine appointments will be available within 14 days, versus 21 days under the demonstration program.

Resource Center

In addition, the beneficiaries will be able to walk into a Resource Center for referral and appointment setting. This Center, located in Fayetteville near Cape Fear Valley Medical Center, will offer face-to-face assessments, referral services, prevention and wellness seminars and information for Fort Bragg and Pope Air Force Base CHAMPUS eligible beneficiaries.

Intermediate and Other Services

The new contract includes the demonstration intermediate level services with case management only for children and adolescents under demonstration authority as an exception to the CHAMPUS benefit. This level of care provides out of home services in a less restrictive environment when compared to inpatient services. In addition, intense outpatient crisis intervention will be available to adults, children and adolescents and in-home services will be available to adults.

Out-of-Area Care

Beneficiaries who reside in the Fort Bragg/Pope Air Force Base catchment area are covered for mental health care in all other states if mental health care becomes necessary while the beneficiary is out of the catchment area. Non-Fort Bragg beneficiaries needing mental health care in this area will receive referrals, case management and other services under this contract, also. The Fort Bragg mental health contractor is not at-risk for the non-Fort Bragg beneficiary services.

Emergency Access to Mental Health Services

In emergency situations, Fort Bragg CHAMPUS-eligible beneficiaries may call the 24 hour CHOICE LINE or go to an emergency facility. Emergency calls to the CHOICE LINE are handled immediately by a licensed mental health clinician.

Cost Sharing

The associated cost sharing schedule for mental health and chemical dependency services is identified in the proposed rule notice (pending final approval), Vol. 60, **Federal Register** 7489, February 8, 1995.

Charles G. Stevens,

Colonel, MS, Executive officer.

BILLING CODE 3710-08-M

DEPARTMENT OF ENERGY

Bonneville Power Administration

Hearing and Opportunity for Public Comment; Regarding Proposed Comparable Transmission Terms and Conditions

AGENCY: Bonneville Power Administration (BPA), DOE.

ACTION: Notice of Opportunity to Comment.

SUMMARY: BPA File No: TC-96. BPA requests that all comments and documents intended to become part of the Official Record in this process contain the file number designation TC-96.

BPA is proposing terms and conditions for transmission services over the network transmission system of the Federal Columbia River Transmission System (FCRTS) which BPA considers to be comparable to the uses BPA itself makes of such system for its own power transactions. Such terms and conditions are proposed to be effective October 1, 1996. BPA previously initiated a regional administrative proceeding to which parties have been officially designated. By this notice, BPA is announcing the availability of the proposed transmission terms and conditions and the period for comments from persons not designated as parties to the proceeding.

DATES: Persons wishing to comment on the proposed transmission terms and conditions who are not parties to the proceeding ("participants") must submit written comments on the proposals by October 2, 1995.
