

from certain provisions of Rules 10b-6 and 10b-13 ("Petition for Exemptive Relief").⁵ The proposed rule change contained in this 19b-4 filing would delete the requirement to "give up the book" in order to make Rule 460.20 compatible with the Exchange's Petition for Exemptive Relief.⁶ Rule 10b-6 currently requires an "affiliated purchaser" (i.e., the specialist organization that is associated with a broker-dealer participant in a distribution of a security in which the specialist organization is registered) to withdraw from the market during a certain period before and during the distribution.⁷ The proposed relief would allow such a specialist organization to continue to make a market in such stocks during such period, provided that it has obtained an exemption from certain Exchange rules pursuant to Exchange Rule 98 and agrees to certain monitoring requirements.

Rule 98 affords exemptive relief for entities in a control relationship with a specialist organization from restrictions in NYSE Rules 104, 104.13, 105, 113.20, and 460.10 that would otherwise be applicable to such entities' transactions in securities in which the specialist organization is registered, or to business transactions with the issuers of such securities.⁸ Pursuant to Rule 98 and the

implementing guidelines promulgated thereunder, the specialist organization and the affiliated entity must be operated as separate and distinct organizations, and "Chinese Wall" procedures must be established that place substantial limits on access to, and communication of, trading information, including positions and strategies, between the two organizations. Rule 98 exemptive relief is conditioned on the organizations' receiving prior written approval from the Exchange, which conducts an annual review to ensure that all conditions for the exemption are being met.

The Exchange believes that the restrictions on the flow of information between the affiliated specialist and its approved person contained in Exchange Rule 98, along with the additional safeguards (such as transaction monitoring by the Exchange, the specialist and the approved person) contained in its Petition for Exemptive Relief, make it appropriate to amend Rule 460.20 to delete its requirement for such specialist to "give up the book" to an unaffiliated specialist during a distribution in which the approved person participates.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b)(5) of the Act in that it is designed to prevent fraudulent and manipulative acts and practices and to perfect the mechanism of a free and open market.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

Self-Regulatory Organizations; New York Stock Exchange, Inc.; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change Relating to an Extension of the Pilot for the Capital Utilization Measure of Specialist Performance

June 30, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, ("Act")¹ and Rule 19b-4 thereunder,²

available both the Exchange's petition and the Division's response to the petition. Any exemptive relief granted would supersede the relief previously granted by the Commission in *Letter regarding Application of Rules 10b-6 and 10b-13 to Specialists Affiliated with NYSE Member Firms*, (TP File No. 92-284) (Sept. 15, 1992).

⁵ Rule 10b-13 under the Act, among other things, prohibits a person making a tender offer or exchange offer for any equity security from, directly or indirectly, purchasing or making any arrangement to purchase any such security (or any security that is immediately convertible or exchangeable for such security), otherwise than pursuant to the offer, from the time the offer is publicly announced until its expiration, including any extension thereof. Rule 10b-13 also applies to the dealer-manager of a tender offer because the dealer-manager acts as the agent of the bidder to facilitate the bidder's objectives. See 17 CFR 240.10b-13.

The Exchange is seeking relief from Rule 10b-13 to allow affiliated specialists to continue their market making functions in their respective specialty securities in connection with certain mergers or tender or exchange offers in which an affiliated broker-dealer is participating.

⁶ The Exchange's proposal is to conform NYSE rules with the exemption to be granted separately by the Division in response to the Exchange's Petition for Exemptive Relief. Therefore, the approval of the proposed rule change is contingent upon the Division granting the requested exemptive relief.

⁷ Absent an exemption from or exception to Rule 10b-6, Exchange specialists that are affiliated with a person participating in a distribution of securities would be precluded from bidding for or purchasing such securities, any security of the same class and series as those securities, or any related securities.
