[Docket No. 950504128-5128-01; I.D. 031095A]

RIN 0648-AG80

Small Takes of Marine Mammals; Harassment Takings Incidental to Specified Activities

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; extension of comment period.

SUMMARY: On June 20, 1995, NMFS received a letter from the U.S. Navy requesting an extension of the public comment period on the proposed rule to establish a process for timely

authorizations of small takes of marine mammals by incidental harassment. The U.S. Navy is concerned about many aspects of the rule, as proposed, and has therefore distributed the proposed rule to affected field commands and activities for review and comment. As it will take several weeks to consolidate these responses and evaluate the operational and fiscal effect on the U.S. Navy's mission, an extension of the comment period has been requested. Accordingly, the comment period on the proposed rule is hereby extended.

DATES: Comments must be received no later than October 16, 1995.

ADDRESSES: Written comments on the proposed rule should be addressed to Chief, Marine Mammal Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910–3226. A copy of the Environmental Assessment (EA) may be obtained by writing to this address or by telephoning the contact listed below.

Comments regarding the burden-hour estimate or any other aspect of the collection-of-information requirement contained in this rule should be sent to the above individual and to the Office of Information and Regulatory Affairs, Office of Management and Budget

(OMB), Attention: NOAA Desk Officer, Washington, D.C. 20503.

FOR FURTHER INFORMATION CONTACT: Kenneth R. Hollingshead, Office of Protected Resources, NMFS, (301) 713– 2055.

SUPPLEMENTARY INFORMATION: On May 31, 1995, NMFS published a proposed rule (60 FR 28379) that sets forth a proposed process for applying for and obtaining an incidental harassment authorization; the time limits set by the statute for NMFS review, publication, and public notice and comment on any applications for authorization that would be granted; and the requirements for submission of a plan of cooperation and for scientific peer review of an applicant's monitoring plans (if that activity may affect the availability of a species or stock of marine mammal for taking for subsistence purposes). This rule also proposed changes to the existing regulations to clarify the requirements for obtaining a small take authorization.

Dated: July 6, 1995.

William W. Fox, Jr.,

Director, Office of Protected Resources, National Marine Fisheries Service. [FR Doc. 95–17012 Filed 7–11–95; 8:45 am]
