

Natural Gas Act (18 CFR 157.205 and 157.211) for authorization to construct and operate facilities in North Dakota to implement a transportation service for Horse Creek Trading & Compression Company (Horse Creek), under the blanket certificate issued in Docket No. CP82-487-000, *et al.*, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Williston Basin proposes to construct and operate a new metering station and appurtenant facilities located in Bowman County, North Dakota for use in providing up to 800 dt equivalent of firm deliveries of natural gas to Horse Creek, a new end user, under Rate Schedule FT-1. It is indicated that Horse Creek would consume the gas as compressor fuel in connection with supplying air to an enhanced oil recovery project in the Horse Creek Field in North Dakota. It is also indicated that the gas would be delivered into Horse Creek's non-jurisdictional 12.5 mile 4-inch line which extends to Horse Creek's compressor. Williston estimates a facility cost of \$30,888 and indicates that Horse Creek has agreed to reimburse Williston Basin for the cost of the facilities.

Williston Basin indicates that the proposed activity is not prohibited by its existing tariff and that the addition of the proposed facilities would have no significant effect on Williston Basin's peak day or annual requirements. It is also indicated that capacity has been determined to exist on Williston Basin's system to serve this natural gas market.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,
Secretary.
