INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-702 (Final)]

Ferrovandium and Nitrided Vanadium From Russia

Determination

On the basis of the record ¹ developed in the subject investigation, the Commission determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that an industry in the United States is materially injured by reason of imports from Russia of ferrovandium and nitrided vanadium, provided for in subheadings 2850.00.2000, 7202.92.0000, 7202.99.5040, 8112.40.3000, and 8112.40.6000 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV).

Background

The Commission instituted this investigation effective December 30, 1995, following a preliminary determination by the Department of Commerce that imports of ferrovandium and nitrided vanadium from Russia were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).² Notice of the institution of the Commission's investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 19, 1995 (60 FR 3873). The hearing was held in Washington, DC, on May 23, 1995, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on June 30, 1995. The views of the Commission are contained in USITC Publication 2904 (June 1995), entitled "Ferrovandium and Nitrided Vanadium from Russia: Investigation No. 731-TA-702 (Final)."

Issued: July 6, 1995.

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² The petition in this investigation was filed prior to the effective date of the Uruguay Round Agreements Act ("URAA"). This investigation, thus, remains subject to the substantive and procedural rules of the pre-existing law. See P.L. 103-465, approved Dec. 8, 1994, 108 Stat. 4809, at section 291.
