#### **Certain Cut-To-Length Carbon Steel Plate From Germany: Preliminary Results of Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of Antidumping Duty Administrative Review.

**SUMMARY:** In response to a request by one respondent, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on Certain Cut-To-Length Carbon Steel Plate from Germany (A-428-816). This review covers one manufacturer/exporter of the subject merchandise to the United States during the period of review (POR) February 4, 1993, through July 31, 1994.

We have preliminarily determined that sales have been made below the foreign market value (FMV). If these preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the United States price (USP) and the FMV.

Interested parties are invited to comment on these preliminary results.
