Abstract: This collection of information is necessary in order to allow institutions of higher education and other eligible parties to present proposals for awards for research and development centers in gifted and talented education and other mission

areas. The information is to be used to determine which applicants propose the most promising research and development activities.

Additional Information: An expedited review is being requested for February 22, 1994. The request for expedited review of this package is based on the program's interest in making a center award for a center in gifted and talented education research within fiscal year 1995. Such an award is specifically called for by the Jacob K. Javits Gifted and Talented Education Act of 1994. This activity has twice been subject to various delays that have already occurred. An expedited review will give the program office 15 days to review public comment, determine whether any changes are required, and go forward with the grant competition without any delay.
