

announces the following conference call committee meeting.

Name: Advisory Committee for Injury Prevention and Control (ACIPC).

Time and Date: 2 p.m.–4 p.m., August 1, 1995.

Place: National Center for Injury Prevention and Control (NCIPC), CDC, Koger Center, Vanderbilt Building, Conference Room 1004, 2939 Flowers Road, Atlanta, Georgia 30341.

Status: Closed: 2–4 p.m., August 1, 1995.

Purpose: The Committee will continue to make recommendations on policy, strategy, objectives, and priorities including the balance and mix of intramural and extramural research; advise on the implementation of a national plan for injury prevention and control, the development of new technologies and their application; and review progress toward injury prevention and control.

Matters to be Discussed: The Science and Program Review Work Group will consider injury control research program project grant applications recommended for further consideration by CDC's Injury Research Grant Review Committee. The meeting will be closed to the public in accordance with provisions set forth in sections 552b(c) (4) and (6), title 5 U.S.C., and the Determination of the Associate Director for Management and Operations, CDC, pursuant to Pub. L. 92–463.

Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Tom Bartenfeld, Acting Executive Secretary, ACIPC, NCIPC, CDC, 4770 Buford Highway, NE, Mailstop K–60, Atlanta, Georgia 30341–3724, telephone 404/488–4696.

Dated: July 11, 1995.

Carolyn J. Russell,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention (CDC).

BILLING CODE 4310–22–P

Fish and Wildlife Service

Availability of an Environmental Assessment and Receipt of an Application for an Incidental Take Permit for Threatened and Endangered Species and an Agreement for Several Unlisted Species by the Regli Estate, Humboldt County, California

AGENCY: Fish and Wildlife, Interior.

ACTION: Notice of document availability; request for comments.

SUMMARY: This notice advises the public that the Regli Estate (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The application has been assigned permit number PRT–803749. The proposed permit would authorize the incidental take of the threatened northern spotted owl (*Strix occidentalis caurina*, owl) and marbled murrelet (*Brachyramphus marmoratus*, murrelet), and the endangered bald eagle (*Haliaeetus leucocephalus*) and American peregrine falcon (*Falco peregrinus anatum*, falcon) during proposed timber harvest activities, in accordance with the Applicant's Habitat Conservation Plan (HCP). The Applicant also has requested to enter into an Implementing Agreement (IA) with the Service to conserve eight currently unlisted species. The IA contains provisions for amending the proposed permit to include these currently unlisted species should they subsequently become listed under the Act.

The Service also announces the availability of an Environmental Assessment (EA) for the proposed issuance of the incidental take permit and approval of the HCP and IA. All comments received, including names and addresses, will become part of the official administrative record and may be made available to the public. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on the permit application and EA should be received on or before August 16, 1995.

ADDRESSES: Comments regarding the application or adequacy of the EA should be addressed to Mr. Joel Medlin,

Field Supervisor, U.S. Fish and Wildlife Service, Sacramento Field Office, 2800 Cottage Way, Room E–1823, Sacramento, California 95825.

Individuals wishing copies of the application or EA for review should immediately contact the above office (916–979–2725). Please refer to permit number PRT–803749 when submitting comments.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Horton, at the office listed above.

SUPPLEMENTARY INFORMATION:

Background

Under section 9 of the Act, and its implementing regulations, the “taking” of species listed as threatened or endangered is prohibited. However, the Service, under limited circumstances, may issue permits to take listed wildlife species if such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits are promulgated at 50 CFR 17.32 for threatened species, and 50 CFR 17.22 for endangered species.

The Applicant is proposing to harvest approximately 113 acres of timber from their 480-acre ownership in Humboldt County, California. The harvest areas contain second-growth white fir (*Aibes concolor*), Sitka spruce (*Picea sitchensis*) and redwood (*Sequoia sempervirens*), approximately 40 years old, with a component of coastal hardwoods. The proposed timber harvest would remove suitable owl habitat and is likely to result in the take, as defined in the Act and its implementing regulations. Although the Applicant has applied for a permit to authorize incidental take of murrelets, bald eagles, and falcons, suitable habitat for these species does not occur on the property, and take is unlikely. The Applicant has requested an IA with the Service to cover other species that are not currently listed, but are addressed by the HCP. These species include: northern goshawk (*Accipiter gentilis*), Pacific fisher (*Martes pennanti pacifica*), marten (*Martes americana*), California red tree vole (*Arborimus pomo*), northern red-legged frog (*Rana aurora aurora*), tailed frog (*Ascaphus truei*), Del Norte salamander (*Plethodon elongatus*), and torrent salamander (*Rhyacotriton variegatus*). Effects of the proposed action on these currently unlisted species are analyzed in the HCP and EA. The permit and HCP would be in effect for 20 years. The application includes the HCP and IA.

The proposed harvest may result in take of one pair of owls due to removal of suitable owl nesting and roosting habitat. Under the HCP, impacts would
