

dwelling as a direct result of demolition or private owner acquisition, the term "initiation of negotiations" means HUD approval of the demolition or disposition under this part.

6. Section 970.6 is revised to read as follows:

§ 970.6 Specific criteria for HUD approval of demolition requests.

In addition to other applicable requirements of this part, HUD will not approve an application for demolition unless HUD determines that one of the following criteria is met:

(a) In the case of demolition of all or a portion of a project, the project, or portion of the project, is obsolete as to physical condition, location, or other factors, making it unusable for housing purposes *and* no reasonable program of modifications, is feasible to return the project or portion of the project to useful life. The Department generally shall not consider a program of modifications to be reasonable if the costs of such program exceed 90 percent of total development cost (TDC). Major problems indicative of obsolescence are—

(1) As to physical condition: Structural deficiencies (e.g. settlement of earth below the building caused by inadequate structural fills, faulty structural design, or settlement of floors), substantial deterioration (e.g., severe termite damage or damage caused by extreme weather conditions), or other design or site problems (e.g., severe erosion or flooding);

(2) As to location: physical deterioration of the neighborhood; change from residential to industrial or commercial development; or environmental conditions as determined by HUD environmental review in accord with part 50 of this title, which jeopardize the suitability of the site or a portion of the site and its housing structures for residential use;

(3) Other factors which have seriously affected the marketability, usefulness, or management of the property.

(b) In the case of demolition of only a portion of a project, the demolition will help to assure the useful life of the remaining portion of the project (e.g., to reduce project density to permit better access by emergency, fire, or rescue services).

7. In § 970.7, paragraph (a)(2) is revised to read as follows:

§ 970.7 Specific criteria for HUD approval of disposition requests.

(a) * * *

(2) Disposition will allow the acquisition, development, or rehabilitation of other properties that

will be more efficiently or effectively operated as lower income housing projects, and that will preserve the total amount of lower income housing stock available to the community. A PHA must be able to demonstrate to the satisfaction of HUD that the additional units are being provided in connection with the disposition of the property.

* * * * *

8. Section 970.8 is amended by:

a. Revising paragraphs (f) and (g);

b. Redesignating existing paragraphs (h), (i), (j), (k), (l), and (m), as paragraphs (k), (l), (m), (n), (o), and (p), respectively; and

c. Adding new paragraphs (h), (i), and (j), to read as follows:

§ 970.8 PHA application for HUD approval.

* * * * *

(f) A replacement housing plan, as required under § 970.11, and approved by the unit of general local government which approval shall be provided by the chief executive officer of the jurisdiction in which the project is located (e.g., the mayor or the county executive), indicating approval of the replacement plan.

(g) Evidence of compliance with the offering to resident organizations, as required under § 970.13.

(h) A certification regarding relocation of residents, in accordance with § 970.5(h)(1).

(i) Appropriate certifications regarding site and neighborhood assessment, in accordance with §§ 970.11(h) (2), (3), and (4).

(j) Appropriate certification regarding compliance with environmental authorities, where required in accordance with § 970.4(c).

* * * * *

9. In § 970.9, paragraphs (b) introductory text and (b)(1) are revised, and a new paragraph (c) is added, to read as follows:

§ 970.9 Disposition of property; use of proceeds.

* * * * *

(b) Net proceeds, including any interest earned on the proceeds, (after payment of HUD-approved costs of disposition and relocation under paragraph (a) of this section) shall be used, subject to HUD approval, as follows:

(1) For the retirement of outstanding obligations, if any, issued to finance original development or modernization of the project; and

* * * * *

(c) In the case of scattered-site housing of a public housing agency, the net proceeds of a disposition shall be used for the retirement of outstanding

obligations issued to finance original development or modernization of the project, in an amount that bears the same ratio to the total of such costs and obligations as the number of units disposed of bears to the total number of units of the project at the time of disposition. For example, in cases where debt has not been forgiven, if a development project of ten units that cost \$100,000 has one unit disposed of for \$10,000, then there would be no net proceeds after paying off the proportional cost (\$100,000 divided by 10=\$10,000/unit) of the project. If, however, the unit was disposed of and net proceeds were \$12,000, there would be \$2,000 available that the PHA would use for the provision of housing assistance for lower income families. Where debt has been forgiven, all the net proceeds may be used by the PHA for the provision of low income housing assistance.

10. Section 970.11 is revised to read as follows:

§ 970.11 Replacement housing plan.

(a) *One-for-one replacement.* HUD may not approve an application or furnish assistance under this part unless the PHA submitting the application for demolition or disposition also submits a plan for the provision of an additional decent, safe, sanitary, and affordable rental dwelling unit (at rents no higher than permitted under the Act) for each public housing dwelling unit to be demolished or disposed of under the application, except as provided in paragraph (j) of this section. A replacement housing plan may provide for the location of the replacement housing outside the political boundaries of the locality of the PHA, provided all relevant program requirements are satisfied including the approval of the replacement housing plan by the unit of general local government in which the project being demolished or disposed is located. In order to assure that all program requirements are satisfied, the PHA must enter into any necessary agreements, including where applicable, the execution of a Cooperation Agreement between the PHA and the locality in which the replacement housing will be located, prior to submission of the replacement housing plan to HUD for approval. In addition, the PHA must ensure that such agreements provide that the families selected for occupancy in the replacement housing will be families who would have been eligible for occupancy in the replacement housing if it had been replaced in the same locality as the project being demolished
