Young Gas Storage Company, Ltd., et al.; Natural Gas Certificate Filings

July 13, 1995.

Take notice that the following filings have been made with the Commission:

1. Young Gas Storage Company, Ltd.

[Docket No. CP93–541–006]

Take notice that on June 23, 1995, Young Gas Storage Company, Ltd. (Young), Post Office Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP93–541–006 a petition pursuant to Section 7(c) of the Natural Gas Act requesting authority to amend the certificate issued June 22, 1994¹ in Docket Nos. CP93–541–000 and 001, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Young states that upon further study of data gained in the development of its storage field located in Morgan County, Colorado, certain changes to well requirements are needed to provide for the continued development of the storage field so that service can be provided at the certificated levels. In Phase I of the proposal, Young would convert three observation wells to two injection/withdrawal wells and one water injection well. Young also proposes, in Phase II of the amendment, to drill and connect up to four injection/withdrawal wells in 1996.

Comment date: August 3, 1995, in accordance with Standard Paragraph F at the end of this notice.
