SUPPLEMENTARY INFORMATION:**Notice of Required Determinations, Contract Provisions, and Opportunity to Comment**

CERCLA, commonly known as "Superfund," requires the establishment of an administrative record upon which the President shall base the selection of a response action. CERCLA also requires the maintenance of many other records, including those relevant to cost recovery and litigation support.

EPA Region II has determined that disclosure of CBI to its contractors and subcontractors is necessary in order that they may carry out the work requested under those contracts or subcontracts with EPA, including: Compilation, organization and tracking of litigation support documents and information; (2) review and analysis of documents and information; and (3) provision of computerized database systems and customized reports. Documents include, but are not limited to, responses to CERCLA Section 104(e) information requests, contractor invoices, and progress reports. In performing these tasks, employees of the contractors and subcontractors listed below will be required to sign a written agreement that they: (1) Will use the information only for the purpose of carrying out the work required by the contract; (2) shall refrain from disclosing the information to anyone other than EPA without the prior written approval of each affected

business or of an EPA legal office; and (3) shall return to EPA all copies of the information and any abstracts or extracts therefrom: (a) upon completion of the contracts; (b) upon request of EPA; or (c) whenever the information is no longer required by the contractor or subcontractor for performance of work requested under those contracts. These nondisclosure statements shall be maintained on file with the EPA Region II Project Contact for CACI, Acumenics Research and Technology, Inc., and Aspen Systems Corporation. CACI, Acumenics, and Aspen Systems employees will be provided technical direction from their respective EPA contract management staff.

EPA hereby advises affected parties that they have ten working days to comment pursuant to 40 CFR 2.301(h)(2)(iii) and 40 CFR 2.310(h). Comments should be sent to Janice Dudek, U.S. Environmental Protection Agency, Office of Regional Counsel, 17th floor, 290 Broadway, New York, NY 10007-1866.
