Regulatory Flexibility Act; Executive Order (E.O.) 12866 and the Paperwork Reduction Act

In the **Federal Register** dated March 24, 1995 (60 FR 15642), the Service reported measures it had undertaken to comply with requirements of the Regulatory Flexibility Act and the Executive Order. These included preparing an Analysis of Regulatory Effects and an updated Final Regulatory Impact Analysis (FRIA), and publication of a summary of the latter. Although a FRIA is no longer required, the economic analysis contained in the FRIA was reviewed and the Service determined that it met the requirements of E.O. 12866. However, the Service is currently preparing a Small Entity Flexibility Analysis, under the Regulatory Flexibility Act (5 U.S.C. 601 et seq), to further document the significant beneficial economic effect on a substantial number of small entities. This rule was not subject to review by the Office of Management and Budget (OMB) under E.O. 12866.

These proposed regulations contain no information collections subject to OMB review under the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et seq.). However, the Service does utilize information acquired through other various information collections in the formulation of migratory game bird hunting regulations. These information collection requirements have been approved by OMB and assigned clearance numbers 1018-0005, 1018-0006, 1018-0008, 1018-0009, 1018-0010, 1018-0015, 1018-0019, and 1018-0023.

Authorship

The primary author of this proposed rulemaking is Robert J. Blohm, Office of Migratory Bird Management.

Proposed Regulations Frameworks for 1995-96 Early Hunting Seasons on Certain Migratory Game Birds

Pursuant to the Migratory Bird Treaty Act and delegated authorities, the Department of the Interior approved the following proposed frameworks which prescribe season lengths, bag limits, shooting hours, and outside dates within which States may select for certain migratory game birds between September 1, 1995, and March 10, 1996.

General

Dates: All outside dates noted below are inclusive.

Shooting and Hawking (taking by falconry) Hours: Unless otherwise specified, from one-half hour before sunrise to sunset daily.

Possession Limits: Unless otherwise specified, possession limits are twice the daily bag limit.

Area, Zone, and Unit Descriptions: Geographic descriptions that differ from those published in the August 17, 1994, Federal Register (59 FR 42474) are contained in a later portion of this document.

Special September Teal Season

Outside Dates: Between September 1 and September 30, an open season on all species of teal may be selected by Alabama, Arkansas, Colorado (Central Flyway portion only), Illinois, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, New Mexico (Central Flyway portion only), Ohio, Oklahoma, Tennessee, and Texas in areas delineated by State regulations.

Hunting Seasons and Daily Bag Limits: Not to exceed 9 consecutive days, with a daily bag limit of 4 teal.

Shooting Hours: One-half hour before sunrise to sunset, except in Arkansas, Illinois, Indiana, Missouri, and Ohio, where the hours are from sunrise to sunset.

Special September Duck Seasons

Florida: An experimental 5-consecutive-day season may be selected in September. The daily bag limit may not exceed 4 teal and wood ducks in the aggregate.

Kentucky and Tennessee: In lieu of a special September teal season, an experimental 5-consecutive-day season may be selected in September. The daily

bag limit may not exceed 4 teal and wood ducks in the aggregate, of which no more than 2 may be wood ducks.

Iowa: Iowa may hold up to 5 days of its regular duck hunting season in September. All ducks which are legal during the regular duck season may be taken during the September segment of the season. The September season segment may commence no earlier than the Saturday nearest September 20 (September 23, 1995), with daily bag and possession limits being the same as those in effect during the 1995 regular duck season. The remainder of the regular duck season may not begin before October 15.

Scoter, Eider, and Oldsquaw Ducks (Atlantic Flyway)

Outside Dates: Between September 15 and January 20.

Hunting Seasons and Daily Bag Limits: Not to exceed 107 days, with a daily bag limit of 7, singly or in the aggregate of the listed sea-duck species, of which no more than 4 may be scoters.

Daily Bag Limits During the Regular Duck Season: Within the special sea duck areas, during the regular duck season in the Atlantic Flyway, States may choose to allow the above sea duck limits in addition to the limits applying to other ducks during the regular duck season. In all other areas, sea ducks may be taken only during the regular open season for ducks and must be included in the regular duck season daily bag and possession limits.

Areas: In all coastal waters and all waters of rivers and streams seaward from the first upstream bridge in Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, and New York; in any waters of the Atlantic Ocean and in any tidal waters of any bay which are separated by at least 1 mile of open water from any shore, island, and emergent vegetation in New Jersey, South Carolina, and Georgia; and in any waters of the Atlantic Ocean and in any tidal waters of any bay which are separated by at least 800 yards of open water from any shore, island, and emergent vegetation in Delaware, Maryland, North Carolina and Virginia; and provided that any such areas have been described, delineated, and designated as special sea-duck hunting areas under the hunting regulations adopted by the respective States.

Special Early Canada Goose Seasons
