### DEPARTMENT OF AGRICULTURE

# Agricultural Marketing Service

7 CFR Part 75

[Docket No. LS-94-011]

RIN 0581-AB35

# **Increase Seed Inspection Fees**

AGENCY: Agricultural Marketing Service,

USDA.

**ACTION:** Proposed rule.

SUMMARY: The Agricultural Marketing Service (AMS) is proposing to increase the applicable fees for testing seed under the voluntary seed inspection and certification program. The fees which will be paid by the users of the service are intended to generate sufficient revenue to offset the costs of operating the program.

**DATES:** Written comments must be received by February 3, 1995.

ADDRESSES: Send written comments in duplicate to James P. Triplitt, Chief, Seed Regulatory and Testing Branch, Livestock and Seed Division, Agricultural Marketing Service, USDA, Building 506, BARC-E, Beltsville, Maryland 20705. Comments should reference Docket No. LS-94-011. Comments received will be made available for public inspection during regular business hours.

**FOR FURTHER INFORMATION CONTACT:** James P. Triplitt, Chief, Seed Regulatory and Testing Branch, 301–504–9430.

**SUPPLEMENTARY INFORMATION:** This rule has been determined to be not significant for the purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget.

The proposed rule has been reviewed under Executive Order 12778, Civil Justice Reform. It is not intended to have a retroactive effect. The rule would not preempt any state or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. There are no administrative

procedures which must be exhausted prior to judicial challenge to the provision of this rule.

This action was also reviewed under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The Administrator of AMS has determined that this action will not have a substantial economic impact on a significant number of small entities. Although some seed growers and shippers using this service may be classified as small entities, the effect of the increased fees will be minimal. Under the proposal the cost for a typical test will increase from about \$57.00 to approximately \$64.50. It is estimated that the total revenue generated by this increase will be approximately \$15,000 annually.

### **Background**

This proposed rule is authorized by the Agricultural Marketing Act (AMA) of 1946, as amended, 7 USC 1621 et seq. Section 203(h) of the AMA authorizes the Secretary to inspect and certify the quality of agricultural products and collect such fees as reasonable to cover the cost of service rendered. This revision is to increase the fees to be charged for the inspection and certification of quality of agricultural and vegetable seeds to reflect the Department's cost of operating the program

The purpose of the voluntary program is to promote efficient, orderly marketing of seeds, and assist in the development of new and expanding markets. Under the program samples of agricultural and vegetable seeds submitted are tested for factors such as purity and germination at the request of the applicant for the service. In addition, grain samples, submitted at the applicant's request, by the Grain Inspection, Packers and Stockyards Administration are examined for the presence of certain weed and crop seed. A Federal Seed Analysis Certificate is issued giving the test results. Of 1650 samples tested in fiscal year 1994 most represented seed or grain scheduled for export. Many importing countries require a Federal Seed Analysis Certificate on United States seed.

After reviewing the current costs the department has determined that the present fee is insufficient to cover the department's cost of operation. The fee increase is necessary to offset increased salaries and fringe benefits to personnel, as well as increases in rent and other

costs of operating the program. Based on the Agency's analysis of the increased costs, AMS is proposing to increase the hourly rate for voluntary service from \$35.40 to \$40.40 per hour. In addition, the cost of issuing additional duplicate original certificates will be increased from \$8.85 to \$10.10. Approximately one-fourth hour is required to issue additional duplicate certificates.
