

from a pool plant under the Central Illinois Federal milk marketing order for an indefinite period beginning with the month of January 1995. The proposal was submitted by Prairie Farms Dairy, Inc., and Associated Milk Producers, Inc. Both cooperatives contend the suspension is necessary to ensure that producers historically associated with the market will continue to have their milk pooled under the order without having to move milk uneconomically.

**DATES:** Comments are due no later than January 11, 1995.

**ADDRESSES:** Comments (two copies) should be filed with the USDA/AMS/Dairy Division, Order Formulation Branch, Room 2971, South Building, P.O. Box 96456, Washington, DC 20090-6456.

**FOR FURTHER INFORMATION CONTACT:** Nicholas Memoli, Marketing Specialist, USDA/AMS/Dairy Division, Order Formulation Branch, Room 2971, South Building, P.O. Box 96456, Washington, DC 20090-6456, (202) 690-1932.

**SUPPLEMENTARY INFORMATION:** The Regulatory Flexibility Act (5 U.S.C. 601-612) requires the Agency to examine the impact of a proposed rule on small entities. Pursuant to 5 U.S.C. 605(b), the Administrator of the Agricultural Marketing Service has certified that this proposed rule would not have a significant economic impact on a substantial number of small entities. This rule would lessen the regulatory impact of the order on certain milk handlers and would tend to ensure that dairy farmers would continue to have their milk priced under the order and thereby receive the benefits that accrue from such pricing.

The Department is issuing this proposed rule in conformance with Executive Order 12866.

This proposed rule has been reviewed under Executive Order 12778, Civil Justice Reform. This rule is not intended to have a retroactive effect. If adopted, this proposed rule will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with the rule.

The Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with the Secretary a petition stating that the order, any provisions of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of an order or to be exempted from the order. A handler is

afforded the opportunity for a hearing on the petition. After a hearing, the Secretary would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has its principal place of business, has jurisdiction in equity to review the Secretary's ruling on the petition, provided a bill in equity is filed not later than 20 days after the date of the entry of the ruling.

Notice is hereby given that, pursuant to the provisions of the Agricultural Marketing Agreement Act, the suspension of the following provision of the order regulating the handling of milk in the Central Illinois marketing area is being considered for an indefinite period commencing on January 1, 1995:

In § 1050.13(d)(2), the words “: *Provided*, That the total quantity of producer milk diverted does not exceed 35 percent of the physical receipts of producer milk at the handler's pool plant during the month, exclusive of milk of producers who are members of a cooperative association that is diverting milk and the milk of other producers that is diverted pursuant to paragraph (d)(3) of this section”.

All persons desiring to submit written data, views or arguments about the proposed suspension should send two copies of their views to the USDA/AMS/Dairy Division, Order Formulation Branch, Room 2971, South Building, P.O. Box 96456, Washington, DC 20090-6456, by the 7th day after publication of this notice in the **Federal Register**. The period for filing comments is limited to 7 days because a longer period would not provide the time needed to complete the required procedures before the requested suspension is to be effective.

All written submissions made pursuant to this notice will be made available for public inspection in the Dairy Division during regular business hours (7 CFR 1.27(b)).

#### Statement of Consideration

The proposed action would suspend the aggregate limit on the amount of milk that may be diverted from a pool plant during the months of August through April. At the present time, for each day's production of a producer's milk that is delivered to a pool plant during these months, another day's production may be diverted to a nonpool plant. However, in addition to this individual producer limit, there is an aggregate limit of 35 percent that applies to the total amount of milk that a pool plant operator may divert during the month. The language proposed to be suspended would remove this 35

percent aggregate limit, effectively increasing the aggregate limit to 50 percent of a pool plant operator's total producer receipts during the month.

In their letter requesting the suspension, Prairie Farms Dairy, Inc. (Prairie Farms) and the Morning Glory Farms region of Associated Milk Producers, Inc. (AMPI), explained that Prairie Farms now operates the only distributing plant under the Central Illinois order (Order 50) and that both cooperatives supply milk to this plant, which is located in Peoria. For several reasons, including the availability of abundant quantities of good quality feed, milk production is up substantially in recent months compared to the same period of last year. This has resulted in both cooperatives having to divert additional milk to nearby unregulated manufacturing plants on weekends, holidays, and other days when the Peoria plant is not in operation.

Prairie Farms and AMPI state that the proposed suspension would allow them to continue to balance the supply of milk needed at the Peoria plant while, at the same time, eliminating the need to haul milk in and out of the plant merely to keep their milk pooled under the order.

Accordingly, it may be appropriate to suspend the aforesaid provision for an indefinite period commencing on January 1, 1995.
