

22. *Marine (Coast) Service*, set forth in the FY 1995 fee schedule within the wireless radio service category, includes land-based stations in the maritime services, authorized under Part 80 of our rules, to provide communications services to ships and other watercraft in coastal and inland waterways. Our FY 1995 cost allocation to the Marine (Coast) Services is \$41,955, resulting from the mandatory adjustment of its FY 1994 revenue requirement under the statutory fee schedule. Payment units for the Marine (Coast) Service are estimated to be 2,797 licenses. Dividing the revenue requirement of the marine (Coast) Service by its payment units and license term of five years results in an annual fee of \$3 per license. See Appendix D. Thus, we are proposing that these licensees be subject to a \$3 annual regulatory fee per call sign, payable for the entire five year license term at the time of application for a new, reinstatement or renewal license. The total regulatory fee due would be \$15 per call sign for the five year license term. We are proposing no change to the rules for calculating and submitting regulatory fee payments by the Marine (Coast) Service. See *FY 1994 Order*, Appendix B at para. 9.

23. *Private Land Mobile (Other) Services*, set forth in the FY 1995 fee schedule within the wireless radio service category, includes land mobile radio services operating under Parts 90 and 95 of the Commission's Rules. Services in this category provide one or two way communications between vehicles, persons or to fixed stations on a shared basis and include radio location services, private carrier paging services, industrial radio services and land transportation radio services. Our FY 1995 cost allocation for Private Land Mobile (Other) Services is \$1,396,275, resulting from the mandatory adjustment to its FY 1994 revenue requirement under the statutory fee schedule. Payment units for Private Land Mobile (Other) Services are estimated to be 93,085 licenses. Dividing the revenue requirement of the Services by their payment units and license term of five years results in an annual fee of \$3 per license. See Appendix D. Therefore, we are proposing that licensees of services in this category be subject to a \$3 annual regulatory fee per call sign, payable for an entire five year license term at the time of application for a new, reinstatement or renewal license. The total regulatory fee due would be \$15 for the five year license term. We are proposing no change to the rules for calculating and submitting regulatory

fee payments by Private Land Mobile Service licensees. See *FY 1994 Order*, Appendix B at para. 11.

24. *Aviation (Aircraft) Service*, set forth in the FY 1995 fee schedule within the wireless radio service category, includes stations authorized to provide communications between aircraft and from aircraft to ground stations and includes frequencies used to communicate with air traffic control facilities pursuant to part 87 of our rules. Our FY 1995 revenue requirement attributable to the Aviation (Aircraft) Service is \$1,130,430, resulting from the mandatory adjustment to its FY 1994 revenue requirement under the statutory fee schedule. Payment units for the Aviation (Aircraft) Service are estimated to be 37,681 stations. During the revenue requirement of the Aviation (Aircraft) Service by its payment units and license term of ten years results in an annual fee of \$3 per station. See Appendix D. Thus, we are proposing that licensees of aircraft stations be subject to a \$3 annual regulatory fee per station, payable for the entire ten year license term at the time of application for a new, reinstatement or renewal license. The total regulatory fee due would be \$30 per station for the ten year license term. We are proposing no change to the rules for calculating and submitting regulatory fee payments by Aviation (Aircraft) Service licensees. See *FY 1994 Order*, Appendix B at para. 8.

25. *Aviation (Ground) Service*, set forth in the FY 1995 fee schedule within the wireless radio service category, includes stations authorized to provide ground-based communications to aircraft for weather or landing information, or for logistical support pursuant to Part 87 of the rules. Our FY 1995 revenue requirement attributable to the Aviation (Ground) Service is \$39,900, resulting from the mandatory fee adjustment to its revenue requirement under the statutory fee schedule. Payment units for the Aviation (Ground) Service are estimated to be 2,660 licenses. Dividing the Service's revenue requirement by its payment units and licenses term five years results in an annual fee of \$3 per license. See Appendix D. Thus, we are proposing that these licensees of aviation ground stations be subject to a \$3 annual regulatory fee per license, payable for the entire five year license term at the time of application for a new, reinstatement or renewal license. The total regulatory fee would be \$15 per call sign for the five year license term. We are proposing no change to the rules for calculating and submitting regulatory fee payments by Aviation

(Ground) Service licensees. See *FY 1994 Order*, Appendix B at para. 8.

26. *General Mobile Radio Service (GMRS)*, set forth in the FY 1995 fee schedule within the wireless radio service category, includes land mobile radio licensees providing personal and limited business communications between vehicles or to fixed stations for short-range, two-way communications pursuant to Part 95 of our rules. Our FY 1995 cost allocation for GMRS is \$41,775, resulting from the mandatory adjustment to its FY 1994 revenue requirement. Payment units for GMRS are estimated to be 2,785 licenses. Dividing GMRS' revenue requirement by its payment units and license term of five years results in an annual fee of \$3 per license. See Appendix D. Thus, we are proposing that (GMRS) licensees be subject to a \$3 annual regulatory fee per license, payable for an entire five year license term at the time of application for a new, reinstatement or renewal license. The total regulatory fee due would be \$15 per license for the five year license term. We are proposing no change to the rules for calculation and submission of regulatory fee by GMRS licensees. See *FY 1994 Order*, Appendix B at para. 10.

c. Amateur Radio Vanity Call-Signs

27. *Amateur Vanity Call-Signs*, set forth in the FY 1995 fee schedule within the wireless radio service category, covers voluntary requests for specific call-signs in the Amateur Radio Service. We have not yet concluded our rulemaking proceeding concerning authorizing vanity call-signs. See *Notice of Proposed Rulemaking*, 9 FCC Rcd 105 (1993), 59 FR 558 (January 5, 1994). Nevertheless, we are including a fee for vanity call signs since we expect to conclude this proceeding during FY 1995. Our FY 1995 cost allocation to Amateur Vanity Call-Signs is \$60,000, resulting from the mandatory adjustment to its FY 1994 revenue requirement under the statutory fee schedule. See Appendix D. Payment units for Amateur Vanity Call-Signs are estimated to be 2,000 licenses. Dividing this service category's cost allocation by its estimated payment units and license term of ten years results in a fee of \$3 per year per license. Thus, we are proposing that applicants for amateur vanity call-signs be subject to a \$3 annual regulatory fee per call-sign, payable for an entire ten year license term at the time of application for a vanity call sign. The total regulatory fee due would be \$30 per license for the ten
