VIII. Application and Implementation Process

Under the FY 1995 targeted assistance program, States may apply for and receive grant awards on behalf of qualified counties in the State. A single allocation will be made to each State by ORR on the basis of an approved State application. The State agency will, in turn, receive, review, and determine the acceptability of individual county targeted assistance plans.

TAP funds will be awarded through a more streamlined grant process similar to that used for the ORR social services formula grant program. An application and assurances are still required of the States eligible to receive TAP funding. FY 1995 funds must be obligated by the State agency no later than one year after

the end of the Federal fiscal year in which the Department awarded the grant. There will be no carryover of unobligated funds into the FY 1996 grant award. Funds must be liquidated within two years after the end of the Federal fiscal year in which the Department awarded the grant. A State's final financial report on targeted assistance expenditures must be received no later than two years after the end of the Federal fiscal year in which the Department awarded the grant. If final reports are not received on time, the Department will deobligate any unexpended funds, including any unliquidated obligations, on the basis of a State's last filed report.

Although additional funding to Florida and New York for communities affected by Cuban and Haitian entrants

and refugees whose arrivals in recent years have increased is part of the appropriation amount for targeted assistance, the scope of activities for these additional funds will be administratively determined. Applications for these funds are therefore not subject to provisions contained in this notice but to other requirements which will be conveyed separately. Similarly, the requirements regarding the 10% portion of the targeted assistance appropriation as well as the supplemental funds to the 10% portion of the targeted assistance appropriation that will be awarded separately have been addressed in the grant announcements for those funds.
