BILLING CODE 7020-02-P

[Investigations Nos. 753-TA-1 through 31]

Countervailing Duty Orders

Determinations

Pursuant to section 753(b)(4) of the Tariff Act of 1930 (19 U.S.C. 1675b(b)(4)) (the Act), the Commission hereby determines that industries in the United States are not likely to be materially injured by reason of imports of the subject merchandise if the countervailing duty orders listed in the attachment were to be revoked.

Background

Section 753(a) of the Act provides that, in the case of a countervailing duty order issued under section 303 of the Act with respect to which the requirement of an affirmative determination of material injury under section 303(a)(2) was not applicable at the time the order was issued, interested parties may request the Commission to initiate an investigation to determine whether an industry in the United States is likely to be materially injured by reason of imports of the subject merchandise if the order is revoked. Further, section 753(a)(3) requires that such requests must be filed with the Commission within 6 months of the date on which the country from which the subject merchandise originates became a signatory to the Agreement on Subsidies and Countervailing Measures (the Subsidies Agreement), as referred to in section 101(d)(12) of the Uruguay Round Agreements Act.

On May 26, 1995, the Department of Commerce (Commerce) published in the **Federal Register** notice of opportunity to request injury investigation(s) under section 753 of the Act (60 F.R. 27963, May 26, 1995). In that notice, Commerce stated that, for those countries becoming signatories to the Subsidies Agreement on January 1, 1995, requests for injury

investigations must be filed with the Commission no later than June 30, 1995.

The Commission did not receive requests for investigation under section 753(a) with regard to the orders listed in the attachment. Section 753(b)(4) of the Act provides that, if a request for an injury investigation is not made within 6 months of the time the country of origin of the subject merchandise became a signatory to the Subsidies Agreement, the Commission shall notify the administering authority that it has made a negative determination with regard to the question of the likelihood of material injury by reason of imports of the subject merchandise if the order is revoked. Accordingly, pursuant to section 753(b)(4) of the Act, the Commission hereby notifies Commerce of its negative injury determinations with regard to imports subject to those orders.

Authority

These determinations are being made under authority of the Tariff Act of 1930, title VII, as amended by the URAA. This notice is published pursuant to section 207.12 of the Commission's rules.

Issued: July 17, 1995.
